

Notice of 2022 Annual Meeting of Stockholders and Proxy Statement

April 27, 2022

Letter to Stockholders

Dear Entegris Stockholders:

I am very proud of what our team achieved in 2021, especially in light of the lingering impact of the COVID-19 pandemic and the challenging supply chain environment we faced throughout the year.

In 2021, we achieved record results. Our sales of \$2.3 billion were up 24 percent and, demonstrating the leverage in our model, net income and EBITDA increased by 39 percent and 29 percent, respectively, while EPS was up 39 percent on a GAAP basis and 35 percent on a non-GAAP basis.

This above-market growth was driven in large part by our strong position and wins with leading-edge solutions like liquid filtration, advanced deposition materials, selective etch and other areas of increasing importance to our customers across the semiconductor ecosystem.

Other highlights of our business performance in 2021 included:

- We published our first Corporate Social Responsibility (ESG) Annual Report and contributed an additional \$3 million to the Entegris Foundation, which is focused on providing STEM scholarships to women and individuals from underrepresented communities.
- Our Aramus high purity bags (used for COVID-19 vaccines) played a major role in the global vaccination campaign and revenue for this product reached \$50 million. Interest for these solutions for use with non-COVID biologics has also been accelerating.
- We began construction of our new, state-of-the-art \$500 million manufacturing facility in Taiwan. This facility will be Entegris' largest and most advanced manufacturing site and is expected to start production in the second half of 2023.
- We allocated approximately \$490 million of capital, which included re-investments in our business in CAPEX and R&D to support our growth plans and augment our leadership position in our served markets; as well as dividends and share repurchases.
- On December 15, 2021, we announced an agreement for Entegris to acquire CMC Materials, Inc., a leading supplier of advanced materials primarily for the semiconductor industry. Acquiring CMC Materials will further differentiate our unit-driven platform, advance our ability to provide a broad range of process solutions for our customers, and accelerate our time-to-solution.

Wrapping up 2021, our excellent operating performance showcased the strength of our team's execution and resilience, as well as our highly differentiated, unit-driven business model.

Looking ahead, we have increased conviction in the secular growth of the semiconductor market, driven by robust chip demand, bolstered by increased digitalization, smartphones, the Internet of Things and high-performance computing, just to name a few. In addition, semiconductor node transitions continue at a rapid pace and device architectures are becoming much more complex. Our capabilities are indispensable enablers of these technologies, and this is expected to translate into a steadily expanding Entegris content per wafer.

In conclusion, I'm very pleased with the performance of our business in 2021 and we are excited about our future growth prospects as we enter 2022.

Thank you for your support,

Bertrand Loy
President and Chief Executive Officer

Stockholder Engagement

The Board believes that it is important to foster long-term relationships with stockholders and understand stockholder perspectives on the Company. We value an open dialogue with our stockholders and we believe that regular communication is a critical part of our long-term success. To that end, members of the management team continued extensive outreach to stockholders over the course of the year. Through this outreach, the management team updated stockholders on a range of topics, such as the Company's overall business strategy, corporate governance practices and executive compensation, and also gained an understanding of the perspectives and concerns of the stockholders. The stockholder engagement program complements the ongoing dialogue throughout the year among our stockholders and our Chief Executive Officer, Chief Financial Officer and Vice President, Investor Relations on financial and strategic performance.

Our Governance Practices

As part of Entegris' commitment to high ethical standards, the Board follows sound governance practices that it believes are widespread in the industry. These practices, which are summarized below, are described in more detail beginning on page 13 of this Proxy Statement.

- ✓ Annual election of all directors by majority voting
- ✓ Directors not elected by a majority of votes cast are subject to the Company's resignation policy
- ✓ Mandatory retirement at age 72
- ✓ 12-year tenure limit for all independent directors joining the Board after 2020
- ✓ Annual "say on pay" advisory vote
- ✓ No "poison pill"
- ✓ 7 of 8 director nominees are independent
- ✓ Fully independent Board committees
- ✓ Executive sessions are held at each regularly scheduled Board meeting without management
- ✓ Independent registered public accounting firm and internal auditor meet regularly with Audit & Finance Committee without management present
- ✓ Annual Board and committee self-evaluations
- ✓ Separate Board Chair and CEO
- ✓ Active Board oversight of risk and risk management, including cybersecurity risks
- ✓ Robust stock ownership requirements for executive officers and directors
- ✓ Directors and executive officers are prohibited from hedging and pledging Company stock
- ✓ Code of business ethics that applies to our officers, directors, employees, contractors and agents
- ✓ Commitment to corporate social responsibility matters, including sustainability

Corporate Social Responsibility

Our Corporate Social Responsibility (“CSR”) program is built on four core pillars: Innovation, Safety, Personal Development and Inclusion, and Sustainability. The program includes goals, which are aligned to each of the four pillars, to guide it to 2030. During 2021, we released our first annual CSR report providing a comprehensive overview of our progress toward reaching our 2030 goals and outlining our baseline performance in 2020 across each of the four pillars. The 2020 annual CSR report is published on our website at <http://www.Entegris.com> under “About Us — Corporate Social Responsibility.” The Board is actively engaged in the oversight of our CSR program.

In 2021, each of our named executive officers had CSR-focused performance goals to incentivize and drive the achievement of our CSR goals related to innovation, safety, personal development and inclusion or sustainability and against which their performance was measured.

 <p>Innovation</p>	 <p>Safety</p>	 <p>Personal Development and Inclusion</p>	 <p>Sustainability</p>
<p>Using our legacy of innovation to enable technologies that transform the world and have a positive impact on people throughout the global community</p>	<p>Ensuring safety in the workplace for our colleagues and in the products we deliver for our customers</p>	<p>Supporting the development and growth of our colleagues and striving to create a diverse and inclusive environment where everyone is treated with respect and dignity</p>	<p>Limiting the impact that our global operations have on the environment by reducing our consumption of energy and water and by relying on electricity produced from renewable sources</p>
<p>2030 Goals</p> <ol style="list-style-type: none"> 1. Invest at least 55% of OpEx in R&D 2. Commit 100% of innovation portfolio to advance our customers' technology roadmaps 3. Align 100% of innovation portfolio to advance the U.N. sustainable development goals (SDG) 	<p>2030 Goals</p> <ol style="list-style-type: none"> 1. Strive for an injury-free work environment at all Entegris facilities 2. Create an environment where >95% of colleagues say "Entegris is a safe place to work" 3. Achieve 100% manufacturing participation rate in proactive reporting of safety opportunities 	<p>2030 Goals</p> <ol style="list-style-type: none"> 1. Invest >\$30 million in STEM scholarships and engineering internships for women and individuals from under-represented communities 2. Aim to fill more than 50% of new engineering roles with women and/or individuals from underrepresented groups 3. Aim to achieve 50% diversity among board members 4. Increase participation in real-time learning opportunities and internal training hours by more than five times the hours completed in 2020 	<p>2030 Goals</p> <ol style="list-style-type: none"> 1. Reduce energy consumption by more than 20% per revenue dollar 2. Achieve 100% electricity consumption generated from renewable sources, where available 3. Decrease water consumption by more than 50% per revenue dollar

PROPOSAL 2

Advisory Vote on Executive Compensation

✓ The Board recommends that the stockholders vote **FOR** the adoption of the resolution indicating approval of the compensation of our named executive officers.

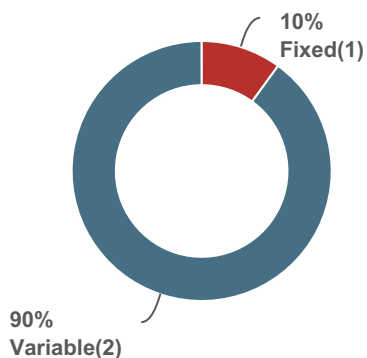

See pages **32-55** for further information.

Framework of 2021 Compensation

Our executive compensation policies are designed so that (i) total compensation is tied to individual performance, (ii) total compensation will vary with our performance in achieving financial and strategic objectives, and (iii) long-term incentive compensation is closely aligned with stockholders' interests. As depicted in the below graphics, in 2021 approximately 90% of the Chief Executive Officer's target total direct compensation and an average of approximately 77% of the target total direct compensation of the other named executive officers was "variable", i.e., dependent on the Company's performance.

CEO

OTHER NEOs

(1) Comprised of 2021 target base salary.

(2) Comprised of 2021 target Entegris Incentive Plan award and 2021 annual long-term incentive compensation grant consisting of restricted stock units, stock options and performance share units.

Executive Compensation Practices

We are committed to executive compensation practices that drive performance, mitigate risk and align the interests of our management team with those of our stockholders. The following summarizes key governance characteristics related to the executive compensation programs in which the named executive officers participate:

WHAT WE DO

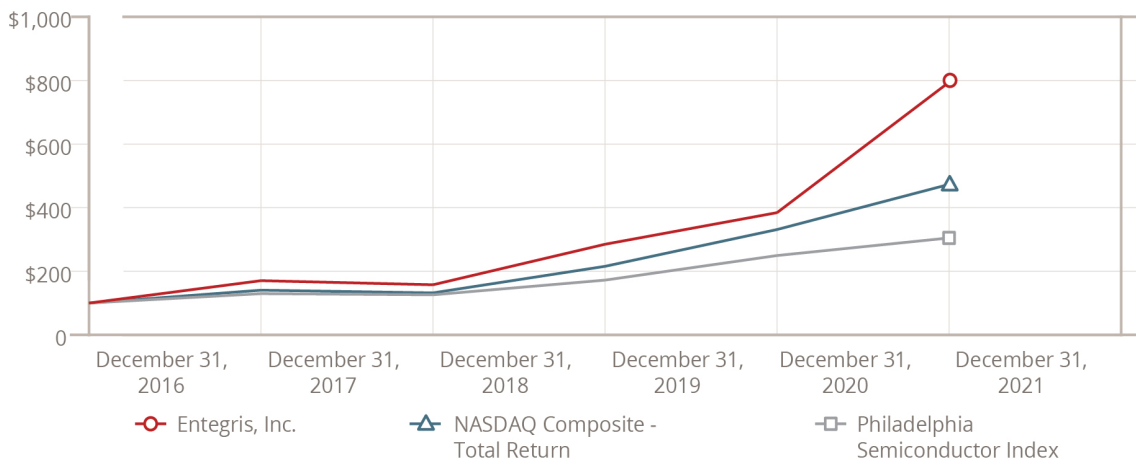

- ✓ Carefully structured peer group with annual Compensation Committee review
- ✓ Annual say-on-pay advisory vote
- ✓ Adherence to a rigorous pay-for-performance philosophy in establishing program design and targeted pay levels for NEOs
- ✓ Independent Compensation Committee oversight
- ✓ Independent compensation consultant is hired by and reports to the Compensation Committee
- ✓ Annual report by the independent compensation consultant to the Compensation Committee on executive pay and performance alignment
- ✓ Stringent stock ownership guidelines maintained for directors and executive officers
- ✓ Clawback policy in place to deter executive officer misconduct and reclaim certain awards and incentives
- ✓ Change in control agreements require double-trigger for vesting

WHAT WE DON'T DO

- ✗ No guaranteed bonuses
- ✗ No material perquisites or other personal benefits to directors or executive officers
- ✗ Directors, executive officers, employees and consultants may not hedge, pledge or engage in speculative transactions of Company stock
- ✗ No plans that encourage excessive risk taking
- ✗ No excess dilution through careful monitoring of burn rate and overhang
- ✗ No new tax "gross-ups" agreements

Comparison of Five-Year Cumulative Total Return

The following graphic compares the cumulative total stockholder return ("TSR") on our common stock from December 31, 2016 through December 31, 2021 with the cumulative total return of (1) the Nasdaq Composite Index, and (2) the Philadelphia Semiconductor Index, assuming \$100 was invested at the close of trading December 31, 2016 in our common stock, the Nasdaq Composite Index and the Philadelphia Semiconductor Index and that all dividends are reinvested.

Corporate Governance

PROPOSAL 1

Election of Directors

✓ The Board recommends that the stockholders vote **FOR** each of the nominees.

At each annual meeting of stockholders, directors are elected for a term expiring at the next annual meeting of stockholders to succeed those directors whose terms are expiring. The persons named in the enclosed proxy will vote to elect as directors the nominees designated by the Board, whose names are listed below, unless the proxy is marked otherwise. Each of the nominees has indicated his or her willingness to serve, if elected. However, if a nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the Board. There are no family relationships between or among any officers or directors of Entegris.

Board of Directors

Selection of Directors

The Governance & Nominating Committee is responsible for managing the process for nomination of new directors. The committee may identify potential candidates for first-time nomination as a director using a variety of sources, such as recommendations from our management, current directors, stockholders or contacts in communities served by Entegris, or by conducting a formal search using an outside search firm selected by the Governance & Nominating Committee. Following the identification of a potential director-nominee, the Governance & Nominating Committee commences an inquiry to obtain information concerning the background of that person.

The Governance & Nominating Committee evaluates candidates for director-nominees in the context of the current composition of the Board, taking into account all factors it considers appropriate, including but not limited to the characteristics of independence, skills, experience, availability for service to Entegris, tenure and age of incumbent directors on the Board and the anticipated needs of the Board. The Governance & Nominating Committee believes that the assessment of potential nominees to be recommended by the Governance & Nominating Committee should include consideration of the following factors: (i) a capacity for, or a record of, making valuable contributions to the business community; (ii) personal qualities of leadership, character, judgment and a reputation in the community at large of integrity, trust, respect, competence and adherence to high ethical standards; (iii) experience in the semiconductor/microelectronics industry or in other industries in which the Company operates; (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings; (v) candor and willingness to operate on a team and to seek consensus; (vi) diversity with respect to race, ethnicity, gender and geography; and (vii) relevant knowledge and diversity of background and experience in such things as business, manufacturing, technology, finance and accounting, marketing, international business, government and the like. In addition, at least one member of the Board should have accounting or related financial management expertise, as determined in the business judgment of the Board.

The Governance & Nominating Committee is committed to actively seeking out women and minority candidates as well as candidates with diverse backgrounds, experience and skills. The Governance & Nominating Committee plans to continue to employ a process similar to the so-called "Rooney Rule" in connection with each search for nominees to the Board. To that end, the Governance & Nominating Committee aspires to achieve 50 percent diversity among Board members no later than 2030. The Governance & Nominating Committee believes that employing a process similar to the "Rooney Rule" in connection with each search for nominees to the Board is an effective means to identify women and minority candidates as well as candidates with diverse backgrounds, experience and skills.

The Governance & Nominating Committee will consider potential nominees recommended by our stockholders for such committee's consideration, taking into account the same considerations as are taken into account for other potential nominees. Stockholders may recommend candidates by writing to the Chair, Governance & Nominating Committee in care of the Company's Corporate Secretary at Entegris, Inc., 129 Concord Road, Billerica, MA 01821. Our by-laws provide for additional procedures and requirements for stockholders wishing to nominate a director for election as part of the official business to be conducted at an annual stockholders meeting, as further described under the heading "Stockholder Proposals and Nominees for 2023 Annual Meeting of Stockholders" below. In addition, as noted above, our by-laws require that all nominees, as a condition of being nominated, agree to submit an irrevocable resignation that would take effect upon (a) the failure to receive the required vote for re-election in the next election, and (b) the Board's acceptance of such resignation.

Director Skills, Experience and Diversity

The Board possesses a broad range of qualifications and skills that facilitate strong oversight of our management and strategy. For more information on the Board's skills, experiences and diversity, see the "Proxy Statement Summary — Voting Matters and Recommendations — Board Snapshot — Director Skills, Experiences and Diversity" section above.

Director Nominees

This section sets forth, for each nominee for election to the Board at the 2022 Annual Meeting of Stockholders, the year the nominee was first appointed or elected as a director of Entegris or a predecessor public corporation, the principal occupations of the nominee during at least the past five years, the nominee's age, any other public company boards on which the nominee serves or has served in the past five years, and the nominee's experience, qualifications, attributes and skills to serve on the Board. Entegris believes that all of its director nominees have a reputation for integrity, trust, respect, competence and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to Entegris and the Board. In determining the year first appointed or elected as a director of Entegris as presented below, service with predecessor public company Entegris, Inc., a Minnesota corporation ("Entegris Minnesota"), is included in the case of Mr. Olson and service with predecessor public company Mykrolis Corporation ("Mykrolis") is included in the case of Mr. Bradley. Entegris Minnesota and Mykrolis merged into the Company in 2005 (the "Merger").

SERVICE ON OTHER PUBLIC COMPANY BOARDS

Teradyne, Inc. (since 2004)

Avnet, Inc. (2012-2021)

BACKGROUND

Mr. Bradley is a seasoned executive and advisor with broad experience leading companies in the technology industry. From 2004 until his retirement in February 2014, Mr. Bradley served as the Chief Executive Officer of Teradyne, Inc., a global supplier of automatic test systems and equipment for semiconductor, military/aerospace, data storage and automotive applications. Mr. Bradley's other roles and responsibilities at Teradyne included President (from 2003 to 2013), President, Semiconductor Test Division (from 2001 to 2003), Chief Financial Officer (from 1999 to 2001) and Vice President (from 1992 to 2001). Prior to that, he held various finance, marketing, sales and management positions with Teradyne and worked in the audit practice group of the public accounting firm of Coopers and Lybrand.

QUALIFICATIONS

Mr. Bradley brings to the Board over 40 years of experience in the semiconductor industry. Mr. Bradley's diverse experiences at Teradyne from Chief Executive Officer, to divisional President, to Chief Financial Officer, and as a director of other large, complex global organizations provide him with a broad perspective to draw upon in guiding Entegris' strategy and operations. During his tenure at Teradyne, Mr. Bradley gained significant experience in overseeing and managing risk at an enterprise level for an international technology company, along with deep experience in finance, accounting, investor relations, strategic analysis and public company governance. The Board nominated Mr. Bradley to serve as a director for one additional year in furtherance of stability and continuity on the Board in light of the departure of two directors and the addition of two new directors in 2021 and the pending acquisition of CMC Materials, Inc.

BACKGROUND

Dr. Saleki-Gerhardt is an executive with extensive experience leading the operations function of a global biopharmaceutical company. She currently serves as the Executive Vice President, Operations at AbbVie Inc., a global, research-driven biopharmaceutical company committed to developing innovative advanced therapies for some of the world's most complex and critical conditions, having previously served as Senior Vice President, Operations from 2013 to 2018. AbbVie was formed in 2013 as a spin-off from Abbott Laboratories. She spent more than twenty years at Abbott Laboratories in a variety of senior management roles focused on operations, manufacturing and quality.

QUALIFICATIONS

Dr. Saleki-Gerhardt has extensive business and management experience as a senior executive officer responsible for the domestic and international manufacturing, quality and distribution network of a global biopharmaceutical company. As Executive Vice President, Operations at AbbVie, Dr. Saleki-Gerhardt is responsible for managing critical risks including those related to manufacturing, supply chain, quality, security and environmental, health and safety. Dr. Saleki-Gerhardt brings to the Board important perspectives on manufacturing operations, continuous improvement, safety and global business, in addition to providing insight and expertise into the life sciences industry.

Board Refreshment and Succession Planning

Assessing Board Composition

When recommending to the Board the slate of director nominees for election at the Annual Meeting of Stockholders, the Governance & Nominating Committee strives to maintain an appropriate balance of tenure, turnover, diversity and skills on the Board.

The Board believes that refreshment, including periodic committee rotation, is important to help ensure that Board composition is aligned with the needs of the Company and the Board as our business evolves over time, and that fresh viewpoints and perspectives are regularly considered. To that end, the Entegris, Inc. Corporate Governance Guidelines (the "Corporate Governance Guidelines") require that each non-employee Director tender his or her resignation from the Board at the Board meeting prior to the issuance of our Proxy Statement for the Annual Meeting of Stockholders following his or her 72nd birthday and impose a 12-year term limit for all new independent directors joining the Board in or after 2021. As a result of these requirements, it is expected that two of our current independent directors will retire by 2023. The Board also believes that, over time, directors develop an understanding of the Company and an ability to work effectively as a group. Because this experience provides significant value, the Board believes that a degree of continuity year-over-year is beneficial to stockholders and generally should be expected.

The Board is composed of a diverse group of leaders in their respective fields. Our directors have leadership experience at major domestic and international companies with operations in the United States and abroad. Our directors also have experience on other companies' boards, which provides an understanding of different processes, challenges, strategies and approaches to problem-solving. Our directors have substantial experience in key aspects of our operations, finance, capital management and government relations. Our directors also possess extensive experience in functional areas that are important to the execution of their oversight responsibilities, including corporate governance, risk management, global business, finance and accounting, cybersecurity, manufacturing, sales and marketing, mergers and acquisitions and human capital management. We believe all of our directors have personal traits such as candor, integrity, commitment and collegiality that are essential to effective corporate governance.

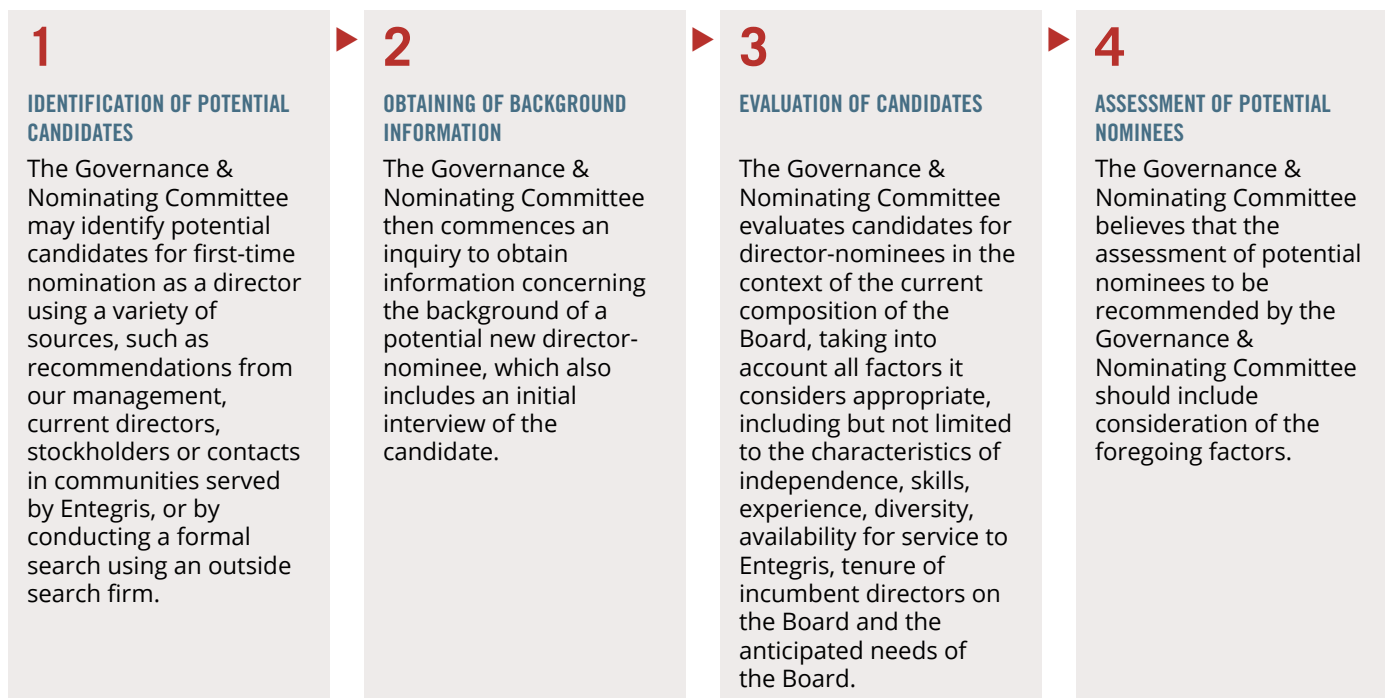

Director Nomination Process/Identifying New Directors

The Governance & Nominating Committee is responsible for managing the process for nomination of new directors. The committee may identify potential candidates for first-time nomination as a director using a variety of sources, such as recommendations from our management, current directors, stockholders or contacts in communities served by Entegris, or by conducting a formal search using an outside search firm selected by the Governance & Nominating Committee. Following the identification of a potential director-nominee, the Governance & Nominating Committee commences an inquiry to obtain information concerning the background of that person. Included in this inquiry is an initial review of the candidate with respect to the following factors: (1) whether the individual meets the minimum qualifications for first-time director nominees specified in the Corporate Governance Guidelines; (2) whether the individual would be considered independent under applicable rules of Nasdaq and the Securities and Exchange Commission (the "SEC"); and (3) whether the individual would meet any additional requirements imposed by law or regulation on the members of the Audit & Finance Committee and/or the Management Development & Compensation Committee of the Board.

The Governance & Nominating Committee evaluates candidates for director-nominees in the context of the current composition of the Board, taking into account all factors it considers appropriate, including but not limited to the characteristics of independence, skills, experience, diversity, availability for service to Entegris, tenure of incumbent directors on the Board and the anticipated needs of the Board. The Governance & Nominating Committee believes that the assessment of potential nominees to be recommended by the Governance & Nominating Committee should include consideration of the following factors: (i) a capacity for, or a record of, making valuable contributions to the business community, (ii) personal qualities of leadership, character, judgment and a reputation in the community at large of integrity, trust, respect, competence and adherence to high ethical standards, (iii) experience in the semiconductor/microelectronics industry or in other industries in which the Company operates; (iv) whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings; (v) candor and willingness to operate on a team and to seek consensus; (vi) diversity with respect to race, ethnicity, gender, and geography; and (vii) relevant knowledge and diversity of background and experience in such things as business, manufacturing, technology, finance and accounting, marketing, international business, government and the like. The Governance & Nominating Committee believes that at least one member of the Board should have accounting or related financial management expertise, as determined in the business judgment of the Board.

The Governance & Nominating Committee is committed to actively seeking out women and minority candidates as well as candidates with diverse backgrounds, experiences and skills. The Governance & Nominating Committee plans to continue to employ a process similar to the so-called "Rooney Rule" in connection with each search for nominees to the Board. To that end, the Governance & Nominating Committee aspires to achieve 50 percent diversity among Board members no later than 2030. The Governance & Nominating Committee believes that employing a process similar to the "Rooney Rule" in connection with each search for nominees to the Board is an effective means to identify women and minority candidates as well as candidates with diverse backgrounds, experience and skills.

DIRECTOR NOMINATION PROCESS

Stockholder Recommendations

The Governance & Nominating Committee will consider potential nominees recommended by our stockholders for such committee's consideration, taking into account the same considerations as are taken into account for other potential nominees. Stockholders may recommend candidates by writing to the Chair, Governance & Nominating Committee in care of the Company's Corporate Secretary at Entegris, Inc., 129 Concord Road, Billerica, MA 01821. Our by-laws provide for additional procedures and requirements for stockholders wishing to nominate a director for election as part of the official business to be conducted at an annual stockholders meeting, as described further under "Stockholder Proposals and Nominees for 2023 Annual Meeting of Stockholders" below. In addition, as noted above, our by-laws require that all nominees, as a condition to being nominated, agree to submit an irrevocable resignation that would take effect upon (a) the failure to receive the required vote for re-election in the next election, and (b) the Board's acceptance of such resignation.

Board Retirement Policy

Our Corporate Governance Guidelines require that each non-employee director tender his or her resignation from the Board at the Board meeting prior to the issuance of our Proxy Statement for the Annual Meeting of Stockholders following his or her 72nd birthday. If circumstances warrant, the Governance & Nominating Committee may recommend to the Board that it ask a director to continue to serve on the Board past age 72. In light of the departure of two directors and the addition of two new directors in 2021 and the pending acquisition of CMC Materials, Inc., in furtherance of stability and continuity on the Board, the Governance & Nominating Committee recommended that the Board ask Mr. Bradley to continue to serve as a director for an additional year and the Board agreed with and accepted this recommendation.

Limitation on Tenure

Effective in mid-February 2021, the Corporate Governance Guidelines establish a 12-year term limit for all independent directors who are first appointed to the Board in or after 2021. If circumstances dictate, the Governance & Nominating Committee may recommend to the Board that it ask a director to continue to serve on the Board for more than 12 years.

Majority Voting for Directors

Since 2008, the Company has used a majority-voting standard in uncontested elections of directors. The Company's by-laws provide that, in an uncontested director election, a director-nominee will be elected only if the number of votes cast "for" the nominee exceeds the number of votes cast "against" the nominee. Directors are elected by a plurality vote in any "contested" election, which is defined as an election where the number of nominees exceeds the number of directorships to be filled. The by-laws prohibit the Board from nominating for election (or filling a vacancy or newly created directorship with) any candidate who has not agreed in advance to submit an irrevocable resignation that would take effect upon (a) the failure to receive the required majority vote for re-election in the next election, and (b) the Board's acceptance of such resignation. The by-laws impose a similar requirement on director-nominees nominated by stockholders. All nominees for election as director listed above have agreed to tender such a resignation.

If an incumbent director does not receive the required vote for re-election, the Governance & Nominating Committee will make a recommendation to the Board as to whether to accept the director's resignation; the Board will consider this recommendation and determine, within 90 days after certification of the election results, whether to accept the director's resignation and will promptly disclose its decision (including the reasons underlying the decision) in a filing with the SEC.

Board’s Role and Responsibilities

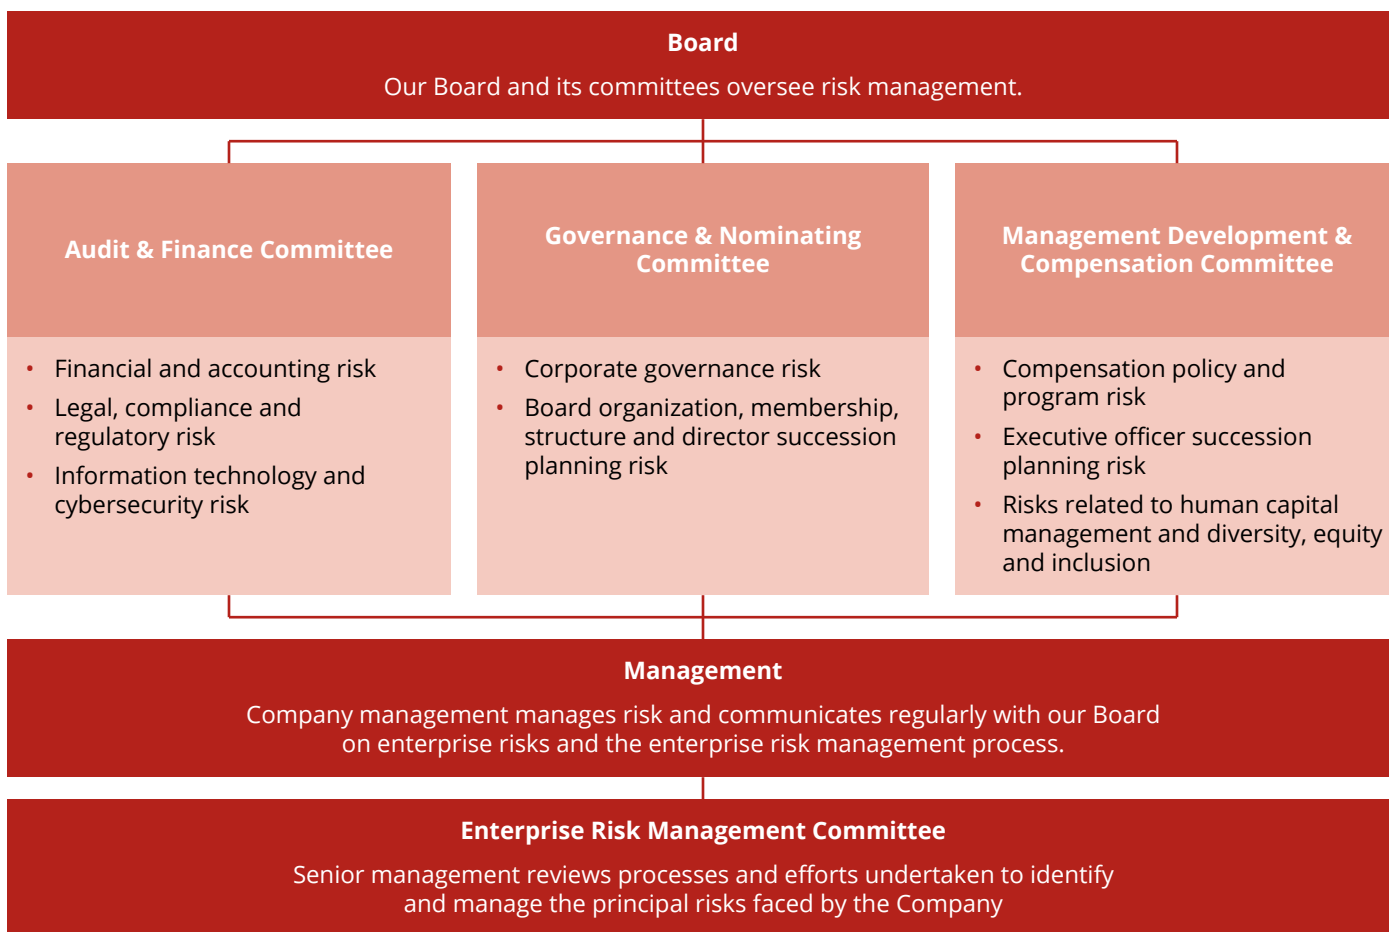

Overview

The Board is elected by the stockholders to oversee their interests in the long-term health and overall success of the Company’s business and financial strength. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with the stockholders. The Board oversees the proper safeguarding of the assets of the Company, the maintenance of appropriate financial and other internal controls, the Company’s compliance with applicable laws and regulations and proper governance. The Board selects the Chief Executive Officer and oversees the members of senior management, who are charged by the Board with conducting the business of the Company.

Directors exercise their oversight responsibilities through discussions with management, review of materials management provides to them, visits to our offices and facilities and their participation in Board and committee meetings.

Board of Directors’ Role in Risk Oversight

Our Board has responsibility for the oversight of risk management. Our Board, either as a whole or through its committees, regularly discusses with management our major risk exposures, their potential impact on the Company and the steps we take to manage them. While the Board is ultimately responsible for risk oversight at the Company, the Board’s standing committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk, each as described below.

CYBERSECURITY RISK MANAGEMENT

The Board recognizes the importance of maintaining the trust and confidence of our customers and employees. To more effectively prevent, detect and respond to information security incidents, we have a dedicated Chief Information Officer whose team is responsible for leading enterprise-wide information security strategy, policy, standards, architecture and processes. The Board receives regular reports from the Chief Information Officer on, among other things, our cyber risks and threats, the status of projects to strengthen our information security systems, assessments of our security program and the emerging threat landscape.

Management Succession Planning

The Board believes that one of its primary responsibilities is to oversee the development and retention of executive talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer. To assist the Board towards that goal, the Management Development & Compensation Committee, with the support of the Company's Chief Executive Officer and Senior Vice President of Global Human Resources, annually assesses the Company's senior managers and their succession potential. In addition, the Chief Executive Officer and Senior Vice President of Global Human Resources periodically provide the Management Development & Compensation Committee with an assessment of persons considered potential successors to certain senior management positions.

Human Capital Management

The Board understands that human capital management, including diversity and inclusion initiatives, is key to our future success. Our employees drive innovation, and we rely on their talent to help the Company achieve its objectives. We are an equal opportunity employer, committed to making employment decisions without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law.

The Board, through the Management Development & Compensation Committee, prioritizes attraction and retention of employee talent. We seek to attract and retain employees by offering competitive compensation and benefits structures, rewarding work, and opportunities for advancement. The Board regularly assesses talent within the Company, promotes accountability at all levels, and seeks to help management establish competitive compensation policies with the goal of empowering our employees and maintaining job satisfaction.

For additional information about our human capital resources, please see the "Business — Human Capital Resources" section of our Annual Report on Form 10-K.

Role in Corporate Responsibility and Corporate Citizenship

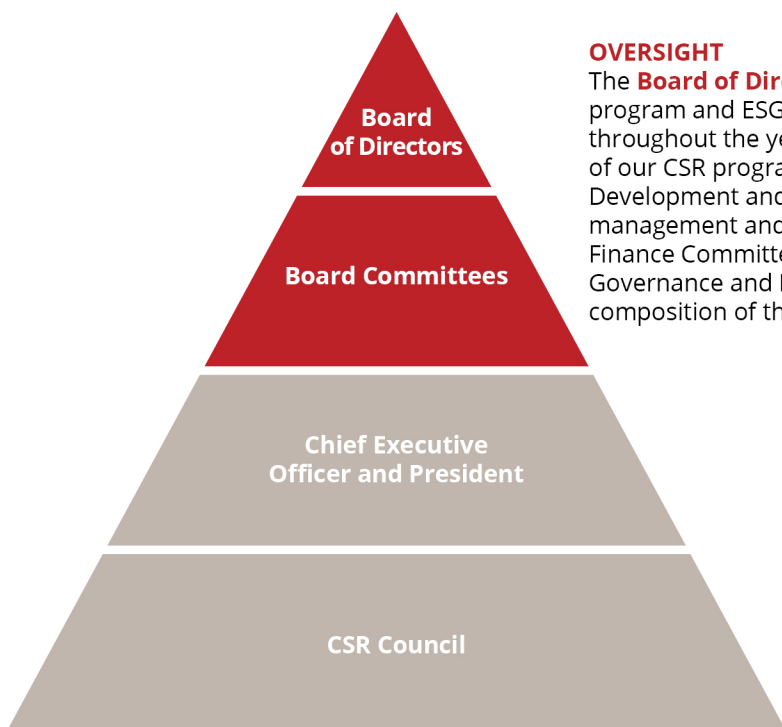

Code of Ethics

We have adopted a Code of Business Ethics (the "Code of Ethics") that applies to all of our officers, directors, employees (including temporary and part-time employees), contractors and agents that we hire to conduct our business. The Code of Ethics provides practical guidance specifically addressing certain common ethical issues that our employees may face, including maintaining a healthy, safe and inclusive workplace, conflicts of interest and complying with laws and regulations. Primary responsibility for coordination of the compliance, communication and training activities to support the Code of Ethics as well as for managing the compliance reporting, monitoring and enforcement activities resides with a compliance officer (the "Compliance Officer"), who is appointed by our Chief Executive Officer or the Board. If no compliance officer is appointed by our Chief Executive Officer or the Board, our Senior Vice President and General Counsel serves as the Compliance Officer. If an employee sees or suspects any illegal or unethical behavior, the Code of Ethics encourages them to raise the issue with their manager, our Human Resources Department, the Compliance Officer or our Law Department. In addition, we maintain a hotline for employees to anonymously report illegal or unethical behavior. The Code of Ethics is posted on our website <http://www.Entegris.com> under "About Us — Investor Relations — Corporate Governance" and will be provided in printed form to any stockholder who requests it from us.

Corporate Social Responsibility and Environmental, Social and Corporate Governance Oversight

Our CSR program is built on the four core pillars of Innovation, Safety, Personal Development and Inclusion, and Sustainability, and includes goals, which are aligned to each of the four pillars, to guide it to 2030. During 2021, we released our first annual CSR report providing a comprehensive overview of our progress toward reaching our 2030 goals and outlining our baseline performance in 2020 across each of the four pillars. The 2020 annual CSR report is published on our website at <http://www.Entegris.com> under “About Us — Corporate Social Responsibility.” For additional information regarding our CSR program, see “Proxy Statement Summary — Corporate Social Responsibility.”

The Board is actively engaged in the oversight of our CSR program and our environmental, social and corporate governance, or ESG, strategy.

OVERSIGHT

The **Board of Directors** is actively engaged in and oversees our CSR program and ESG strategy, receiving updates from senior management throughout the year. **Board Committees** focus on specific components of our CSR program and ESG strategy. For example, the Management Development and Compensation Committee reviews human capital management and diversity, equity and inclusion efforts, the Audit and Finance Committee oversees ethics and compliance, and the Governance and Nominating Committee is responsible for the composition of the board.

MANAGEMENT

Our **CSR Council** has direct responsibility for advancing our CSR strategy. Our CSR Council is led by our **Chief Executive Officer and President** and includes our SVP, General Counsel, SVP, Global Human Resources, SVP, Chief Technology Officer, SVP, Global Operations and Supply Chain, VP, Global Environmental, Health and Safety, VP, Investor Relations and other members of our leadership team. The CSR Council meets monthly to review dashboards outlining progress and future efforts. Progress against our CSR goals is included among senior leaders’ annual performance objectives.

Stockholder Engagement

The Board believes that it is important to foster long-term relationships with stockholders and understand stockholder perspectives on the Company. We value an open dialogue with our stockholders, and we believe that regular communication is a critical part of our long-term success. To that end, members of the management team continued extensive outreach to stockholders over the course of the year. Through this outreach, the management team updated stockholders on a range of topics, such as the Company’s overall business strategy, corporate governance practices and executive compensation, and also gained an understanding of the perspectives and concerns of the stockholders. The Board and management team carefully consider the feedback received from these meetings, as well as stockholder support, when reviewing the business, corporate governance and executive compensation profiles of the Company.

The stockholder engagement program complements the ongoing dialogue among our stockholders and our Chief Executive Officer, Chief Financial Officer and Vice President, Investor Relations on financial and strategic performance. Our engagement program is designed to reach out to our stockholders and hear their perspectives about issues that are important to them, both generally and with regard to the Company, and gather feedback. We believe that this engagement program promotes transparency between the Board and our stockholders and builds informed and productive relationships.

Board Structure

Board Leadership Structure

Our Board has adopted a leadership structure whereby the Chairman of the Board is an independent director. We believe that having a Chairman independent of management provides strong leadership for the Board and helps ensure critical and independent thinking with respect to the Company's strategy and performance. Our Chief Executive Officer is also a member of the Board as the management representative. We believe that it is important that our Chief Executive Officer be a member of the Board in order to make information and insight concerning the Company's business directly available to the directors in their deliberations. While our Corporate Governance Guidelines allow the Board to decide whether the positions of Chairman and Chief Executive Officer should be held by the same person, our Board believes that having separate positions, with an independent, non-executive director serving as Chairman, is the appropriate leadership structure for our Company at this time and demonstrates our commitment to good corporate governance.

The Chairman of the Board is responsible for the smooth functioning of the Board, enhancing its effectiveness by guiding Board processes and presiding at Board meetings and executive sessions of the independent directors. The Chairman also presides at stockholder meetings and ensures that directors receive appropriate information from the Company to fulfill their responsibilities. The Chairman is an *ex officio* member of each standing Board committee in a non-voting capacity, providing guidance and taking an active role in evaluating our executive officers. The Chairman also acts as a liaison between the Board and our executive management, promoting clear and open communication between management and the Board.

Board/Director Independence

The Corporate Governance Guidelines provide that a substantial majority of the directors shall be independent. Currently, with the exception of our Chief Executive Officer, our Board is comprised entirely of independent directors. The Board has determined that each of Michael A. Bradley, Rodney Clark, James F. Gentilcore, Yvette Kanouff, James P. Lederer, Paul. L. H. Olson and Azita Saleki-Gerhardt is "independent" as determined under the Nasdaq Stock Market, Inc. Marketplace Rules.

Executive Sessions

The Corporate Governance Guidelines also provide that there will be an executive session, comprised exclusively of independent directors, at each regularly scheduled Board meeting.

Committees of the Board

The Board has a standing Audit & Finance Committee, Management Development & Compensation Committee and Governance & Nominating Committee, each of which is described in more detail below.

Audit & Finance Committee

Meetings in 2021: **6**

Members:

James P. Lederer (Chair)
Michael A. Bradley
James F. Gentilcore
Yvette Kanouff

The Audit & Finance Committee is focused on assisting the Board in its oversight of (i) the integrity of the Company's financial statements as well as the Company's financial reporting process and systems of internal control over financial reporting; (ii) the Company's compliance with legal and regulatory requirements; (iii) the qualifications and independence of the Company's independent registered public accounting firm; and (iv) the performance of the Company's internal auditing function and independent registered public accounting firm.

RESPONSIBILITIES

- Reviews annual and quarterly financial statements as well as the Company's financial reporting processes, disclosure and internal controls and procedures
- Reviews the scope and results of audits and reviews the Company's internal accounting policies and procedures
- Elects, appoints, compensates and oversees the Company's independent registered public accounting firm
- Pre-approves auditing services, internal control-related services and permitted non-audit and tax services to be provided by the Company's independent registered public accounting firm
- Discusses policies and procedures with respect to risk assessment and risk management and reviews the effectiveness of the system for monitoring compliance with laws, regulations and the Company's business conduct policies
- Reviews and recommends to the Board matters related to the capital structure of the Company, including with respect to management proposals concerning debt and equity financing

The Board has determined that each member of the Audit & Finance Committee possesses the attributes of an "audit committee financial expert" as that term is defined in the rules of the SEC.

The Board has determined that each member of the Audit & Finance Committee is "independent" as defined under the Nasdaq Stock Market, Inc. Marketplace Rules applicable to (including under the heightened standards for audit committee members) and complies with the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

The Board has adopted a written charter for the Audit & Finance Committee, a copy of which is posted on the Company's web site <http://www.Entegris.com> under "About Us – Investor Relations – Corporate Governance."

Management Development & Compensation Committee

Meetings in 2021: 3

Members:

James F. Gentilcore (Chair)

James P. Lederer

Azita Saleki-Gerhardt

The Management Development & Compensation Committee reviews executive compensation and management development programs, provides recommendations to the Board regarding Entegris' compensation programs and administers the Company's equity compensation plans.

RESPONSIBILITIES

- Determines the compensation of the executive officers reporting to the CEO and the compensation policies impacting other executive officers
- Provides recommendations to the Board on CEO compensation
- Reviews and recommends changes to equity incentive and other employee benefit plans and reviews the administration of such plans
- Reviews the Company's management development programs and strategies and reviews and recommends annual compensation for the Board

The charter for the Management Development & Compensation Committee does not authorize the delegation of the foregoing responsibilities.

The Board has determined that each of member of the Management Development & Compensation Committee is "independent" as defined under the Nasdaq Stock Market, Inc. Marketplace Rules applicable to compensation committee members.

The Board has adopted a written charter for the Management Development & Compensation Committee, a copy of which is posted on the Company's web site <http://www.Entegris.com> under "About Us – Investor Relations – Corporate Governance."

Governance & Nominating Committee

Meetings in 2021: 3

Members:

Azita Saleki-Gerhardt (Chair)

Michael A. Bradley

Rodney Clark

The Governance & Nominating Committee provides recommendations to the Board regarding Entegris' corporate governance and corporate responsibility programs and recommends nominees to be elected to the Board.

RESPONSIBILITIES

- Periodically reviews the Corporate Governance Guidelines, committee charters and matters related to corporate responsibility
- Reviews matters relating to the size, composition, required skills and structure of the Board and committees thereof
- Reviews and evaluates potential candidates for nomination to the Board
- Recommends to the Board a slate of nominees for election as directors each year
- Recommends to the Board whether to accept or reject resignations of directors who fail to receive a majority vote for their re-election to the Board

The Board has determined that each member of the Governance & Nominating Committee is "independent" as defined under the Nasdaq Stock Market, Inc. Marketplace Rules applicable to nominating committee members.

The Board has adopted a written charter for the Governance & Nominating Committee, a copy of which is posted on the Company's web site <http://www.Entegris.com> under "About Us – Investor Relations – Corporate Governance."

Board Practices, Policies and Processes

History of Commitment to Good Governance Practices

The Board believes that a commitment to good corporate governance enhances stockholder value. To that end, we are committed to employing strong corporate governance practices to promote a culture of ethics and integrity that defines how we do business. At the core, we are in business to earn a fair return for our stockholders.

The Board believes that its commitment to good governance is demonstrated by key corporate governance practices, summarized below and described in more detail throughout this Proxy Statement.

Board Meetings and Attendance

The Board held eight meetings during 2021, and each director attended at least 75% of the aggregate number of meetings of the Board and of all committees on which he or she served that were held during the period for which he or she was a director or member of any such committee. Members of the Board are also encouraged to attend the Annual Meetings of Stockholders. Each of our then-current directors was available to answer questions from stockholders during the 2021 Annual Meeting of Stockholders, with Mr. Loy attending in person.

Board Performance Evaluations

In order to measure ongoing effectiveness and to identify challenges that it may be facing, the Board is committed to regular evaluations of itself and its committees. Annually, directors are asked to complete a written evaluation of the Board and the committees on which they serve. These evaluations are designed to solicit input and perspective on various matters, including:

- Strategy and risk oversight;
- Board dynamics;
- Understanding and advocating for stockholder perspectives;
- Relationship with, and access to, management; and
- Management talent development.

The results of these evaluations are discussed in detail at meetings of the Nominating & Governance Committee and the Board.

From time to time, and typically approximately every three years, our Nominating & Governance Committee works with an independent third-party advisor experienced in corporate governance matters to interview each director to obtain his or her assessment of the effectiveness of the Board and its committees. The Board believes that the use of such a third-party advisor provides an important outside perspective on Board effectiveness. The Board last worked with an independent third-party advisor on an assessment in fall 2020.

Corporate Governance Guidelines

The Board believes that adherence to good corporate governance principles is essential to running our business efficiently, to maintaining our integrity in the marketplace and to ensuring that the Company is managed for the long-term benefit of its stockholders. The Board recognizes that maintaining and ensuring good corporate governance is a continuous process and thus has adopted the Corporate Governance Guidelines, the Code of Ethics and a charter for each committee of the Board.

The Corporate Governance Guidelines form an important framework for the Board's corporate governance practices and assist the Board in carrying out its responsibilities. The Board reviews the Corporate Governance Guidelines periodically to consider the need for amendments or enhancements. Among other things, the Corporate Governance Guidelines delineate the Board's responsibilities, leadership structure, independence goals, director qualifications, election, annual self-evaluation process and access to management and advisors. The Corporate Governance Guidelines, as amended from time to time, are available on the Company's website at <http://www.Entegris.com> under "About Us - Investor Relations - Corporate Governance" and will be provided in printed form to any stockholder who requests them from us.

The Code of Ethics is described further in the "—Board's Roles and Responsibilities—Role in Corporate Responsibility and Corporate Citizenship—Code of Ethics" section of this Proxy Statement, and the responsibilities of each of the Board's committees, as required by their respective charters, are described further in the "—Board Structure" section of this Proxy Statement.

Communications with the Independent Directors

Stockholders and other interested parties may communicate directly with a member or members of the Board or the non-management directors either individually or as a group by addressing their correspondence to the director or directors, in care of our Corporate Secretary, at the address listed above, with a request to forward the same to the intended recipient(s). All such communications will be reviewed by the Company's Corporate Secretary and, if they are relevant to the Company's operations, policies and philosophies, they will be forwarded to the Chairman of the Board. The Chairman of the Board will provide to the directors copies or summaries of any such stockholder communications as he considers appropriate.

Transactions with Related Persons

The Board has adopted a written policy that prohibits any business transaction with a value of \$60,000 or more between Entegris and any of our directors, nominees for director, executive officers or their immediate families. In addition, as part of our process for preparing our annual report, we circulate questionnaires to our directors, nominees for director and executive officers requiring disclosure of any business transaction with a value of \$60,000 or more between Entegris and any of those persons or a member of his or her immediate family. The answers to these questionnaires are reviewed for compliance with this policy by management and discussed with the Audit & Finance Committee and our independent registered public accounting firm. Since January 1, 2021, there has been no such business transaction between Entegris and any director, nominee for director, executive officer or member of his or her immediate family.

⁽⁴⁾ Resigned from the Board effective as of May 20, 2021.

Process

The Management Development & Compensation Committee regularly assesses the Company's director compensation program in relation to industry practice. At its April 2021 meeting, the Management Development & Compensation Committee, after consultation with its independent compensation advisory firm Frederic W. Cook & Co., Inc. ("F.W. Cook") and a general review of compensation practices for directors among peers, decided to adopt the following compensation arrangements:

- For all non-employee directors, an annual cash retainer of \$85,000;
- For the Chairman of the Board, an additional annual cash fee of \$75,000;
- Committee chairs receive an additional annual cash fee of \$20,000 for the Chair of the Audit & Finance Committee, \$15,000 for the Chair of the Management Development & Compensation Committee and \$10,000 for the Chair of the Governance & Nominating Committee; and
- For all non-employee directors, an annual equity award of \$185,000 worth of restricted stock units valued on the date of each Annual Meeting of Stockholders, with restrictions lapsing on the earlier of the date of the next Annual Meeting of Stockholders or the first anniversary of the award date.

All of the foregoing cash fees are based on a June 2021 through May 2022 fiscal period and are paid quarterly in advance. In addition, non-employee directors are reimbursed for their out-of-pocket expenses incurred in connection with services as a director. As an employee of the Company, Mr. Loy receives no additional compensation for his service as a director.

Stock Ownership Guidelines for Directors

During 2021, the Board maintained stock ownership guidelines for non-employee directors to align director interests with those of Entegris stockholders. This alignment is a critical objective of the equity awards discussed above. Under these guidelines, each director is required to hold shares of Entegris common stock with a value equal to five times the annual cash retainer for directors generally in effect at the time of each annual determination. Determination of compliance with these guidelines is made as of January 15th of each year. Compliance is calculated based on the average of the prior calendar year's month end closing prices for Entegris common stock. Shares of Entegris common stock that are owned by a director outright as well as vested deferred shares/units count towards compliance with these guidelines. Directors have five years following their initial election or appointment to the Board or the date on which the Stock Ownership Guidelines were adopted to achieve the minimum holding required by the guidelines.

In addition, the Board maintains stock ownership guidelines for executive officers. For more information, please see the "Executive Compensation — Compensation Discussion & Analysis — Other Items — Stock Ownership Guidelines for Executive Officers" section of this Proxy Statement.

As of January 15, 2022, all directors were in compliance with the stock ownership guidelines or were within the five-year compliance grace period.

Executive Compensation

PROPOSAL 2

Advisory Vote on Executive Compensation

✓ The Board recommends that the stockholders vote **FOR** the adoption of the below resolution indicating approval of the compensation of our named executive officers.

The following proposal gives our stockholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our named executive officers, who are listed in the Summary Compensation Table included in the “Executive Compensation Tables” section of this Proxy Statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and our compensation philosophy, policies and practices, as disclosed under this “Executive Compensation” section of this Proxy Statement. We are providing this vote as required by Section 14A of the Exchange Act. Accordingly, for the reasons discussed in the “Compensation Discussion & Analysis” section of this Proxy Statement, we are asking our stockholders to vote “FOR” the adoption of the following resolution:

“RESOLVED: That the stockholders of Entegris, Inc. (“Entegris”) hereby approve, on an advisory basis, the compensation paid to Entegris’ named executive officers, as disclosed in Entegris’ Proxy Statement for the 2022 Annual Meeting of Stockholders under the heading entitled “Executive Compensation” pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.”

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board or the Management Development & Compensation Committee. Our Board and the Management Development & Compensation Committee value the opinions of all of our stockholders and will consider the outcome of this vote when making future compensation decisions for our named executive officers. The Board has adopted a policy of providing for annual advisory stockholder votes on executive compensation. Unless the Board modifies its policy on the frequency of holding such advisory votes, the next advisory vote will occur in 2023.

Compensation Discussion & Analysis

Executive Overview

Named Executive Officers

The following sets forth certain information regarding our named executive officers. In the table below, in determining the year first appointed as an executive officer of Entegris, service with predecessor public company Entegris Minnesota is included in the case of Mr. Graves, and service with predecessor public company Mykrolis is included in the case of Mr. Loy. Entegris Minnesota and Mykrolis merged into the Company effective August 6, 2005.

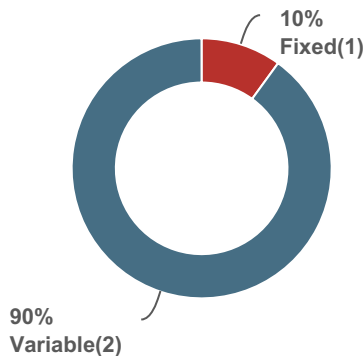

Name	Age	Position	Executive Officer Since
Bertrand Loy	56	President and Chief Executive Officer	2001
Gregory B. Graves	61	Executive Vice President and Chief Financial Officer	2002
Todd J. Edlund	59	Executive Vice President and Chief Operating Officer	2010
Susan Rice	63	Senior Vice President, Global Human Resources	2017
Clint Haris	49	Senior Vice President and General Manager, Microcontamination Control	2016

Our Approach to Compensation

The overall objectives of our executive compensation policies are to:

- Attract, retain, motivate and reward high-caliber executives.
- Foster teamwork and support the achievement of Entegris' financial and strategic goals through performance-based financial incentives.
- Promote the achievement of strategic objectives which lead to long-term growth in stockholder value.
- Encourage strong financial performance by establishing competitive goals for target performance and leveraging incentive programs through stock-based compensation.
- Align the interests of executive officers with those of Entegris and its stockholders by making incentive compensation dependent upon Company performance.

Performance Metrics Used to Determine Incentive Compensation and Their Relation to Our Strategy

Performance Metrics	Relation to Our Strategy	Incentive Programs Represented In
Adjusted EBITDA as Percentage of Revenue	The Management Development & Compensation Committee (the "Compensation Committee") believes that adjusted EBITDA (defined as net income before interest income, interest expense, intangible amortization, depreciation, acquisition and integration costs, acquired inventory step-up amortization, and restructuring costs but excluding acquisition operating income, with income tax expense added back) as a percentage of revenue is an important measure of our performance because it measures profitability and efficiency. Adjusted EBITDA is also a key financial metric that we use internally to measure ongoing financial performance.	Entegris Incentive Plan
Business Growth in Excess of Market	The Compensation Committee believes that our organic business growth (defined as revenue growth excluding revenue from the first twelve months of our operation of acquired businesses) over a market index based on wafer starts and semiconductor industry capital spending provides a valuable measure of our financial performance relative to our primary industry. Because this metric measures growth relative to the semiconductor industry, it only rewards growth above the industry and is agnostic to general industry-wide growth.	Entegris Incentive Plan
Number of Customer Complaints Per Thousand Line Items Shipped	The Compensation Committee believes that the number of customer complaints per thousand line items shipped is an effective measure of operational excellence, continuous improvement and overall quality. A relentless focus on quality allows us to better meet the needs of our customers and their advanced manufacturing processes.	Entegris Incentive Plan
Relative TSR	The Compensation Committee believes that TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over a three-year period provides an important comparison of how well we are driving stockholder value compared to companies facing similar industry conditions and against which we compete for business, investors and employees.	Long-term incentive compensation

COMPENSATION AND CORPORATE SOCIAL RESPONSIBILITY

In 2021, each of our named executive officers had CSR-focused performance goals to incentivize and drive the achievement of our CSR goals related to innovation, safety, personal development and inclusion or sustainability and against which their performance was measured.

Performance and Executive Pay

Our executive compensation philosophy is focused on promoting the achievement of strategic objectives which lead to long-term growth in stockholder value and on encouraging strong financial performance by establishing competitive goals for target performance. To illustrate our relative performance over the last five years, the following graphic compares the cumulative TSR on our common stock from December 31, 2016 through December 31, 2021 with the cumulative total return of (1) the Nasdaq Composite Index, and (2) the Philadelphia Semiconductor Index, assuming \$100 was invested at the close of trading December 31, 2016 in our common stock, the Nasdaq Composite Index and the Philadelphia Semiconductor Index and that all dividends are reinvested.

Past Advisory Votes on Compensation

At the 2021 Annual Meeting of Stockholders, approximately 97.0% of the votes cast on the advisory vote on executive compensation were cast “for” the approval of the compensation paid in 2020 to the named executive officers. The Compensation Committee determined that no significant change in the Company’s compensation policies should be made or recommended to the Board as a result of this advisory vote. In addition, at the 2020 and 2019 Annual Meetings of Stockholders, approximately 97.9% and 97.7%, respectively, of the votes cast on the advisory votes on executive compensation were cast “for” the approval of the compensation paid in 2019 and 2018, respectively, to the named executive officers.

Executive Compensation Practices

Compensation of the executive officers of the Company is overseen by the Compensation Committee. The Board and the Compensation Committee were assisted in performance of their oversight duties with respect to executive compensation matters by F.W. Cook.

We are committed to executive compensation practices that drive performance, mitigate risk and align the interests of our management team with those of our stockholders. The following summarizes key governance characteristics related to the executive compensation programs in which the named executive officers participate:

WHAT WE DO

- ✓ Carefully structured peer group with annual Compensation Committee review
- ✓ Annual say-on-pay advisory vote
- ✓ Adherence to a rigorous pay-for-performance philosophy in establishing program design and targeted pay levels for NEOs
- ✓ Independent Compensation Committee oversight
- ✓ Independent compensation consultant is hired by and reports to the Compensation Committee
- ✓ Annual report by the independent compensation consultant to the Compensation Committee on executive pay and performance alignment
- ✓ Stringent stock ownership guidelines maintained for directors and executive officers
- ✓ Clawback policy in place to deter executive officer misconduct and reclaim certain awards and incentives
- ✓ Change in control agreements require double-trigger for vesting

WHAT WE DON'T DO

- ✗ No guaranteed bonuses
- ✗ No material perquisites or other personal benefits to directors or executive officers
- ✗ Directors, executive officers, employees and consultants may not hedge, pledge or engage in speculative transactions of Company stock
- ✗ No plans that encourage excessive risk taking
- ✗ No excess dilution through careful monitoring of burn rate and overhang
- ✗ No new tax “gross-ups” agreements

Design and Structure of 2021 Executive Compensation

Our Business and Our Compensation Philosophy

The Company's executive compensation policies are designed so that: (i) total compensation is tied to individual performance, (ii) total compensation will vary with the Company's performance in achieving financial and other strategic objectives, and (iii) long-term incentive compensation is closely aligned with stockholders' interests. Further, the Company's executive compensation policies provide that the proportion of variable compensation increases as an employee's level of responsibility increases so that compensation for senior executives is aligned more closely with the Company's performance. For these reasons, the Company's executive compensation policies prioritize pay-for-performance, competitive compensation, employee retention and alignment with stockholders' interests. The overall objectives of the executive compensation policies are to:

- attract, retain, motivate and reward high-caliber executives;
- foster teamwork and support the achievement of Entegris' financial and strategic goals through performance-based financial incentives;
- promote the achievement of strategic objectives that lead to long-term growth in stockholder value;
- encourage strong financial performance by establishing competitive goals for target performance and leveraging incentive programs through stock-based compensation; and
- align the interests of executive officers with those of Entegris and its stockholders by making incentive compensation dependent upon Company performance.

For 2021, the Compensation Committee, which is comprised solely of independent non-employee directors, as described under "Corporate Governance" above, retained the services of the independent compensation advisory firm F.W. Cook to assist with the review and evaluation of the Company's compensation policies and to suggest new or alternative compensation arrangements where appropriate. The use of an independent consultant provides additional assurance that our programs are reasonable and consistent with the Company's objectives. The Compensation Committee selected F.W. Cook based on its national reputation as an expert in compensation practices, its industry knowledge, and its familiarity with the Company and its past compensation practices. F.W. Cook reports to and takes direction from the Compensation Committee. The assignment of projects by management to F.W. Cook requires the prior approval of the Compensation Committee. During 2021 F.W. Cook performed services solely for the Compensation Committee under its direction.

In addition, in establishing its executive compensation policies for a given year, the Compensation Committee considers the results of the most recent stockholder advisory vote on executive compensation and determines whether any changes are appropriate.

Components of 2021 Compensation

The 2021 Entegris compensation program for senior executives, including the named executive officers, consisted of a number of elements which are summarized in the following table. Due to Entegris' focus on short- and long-term incentive compensation, illustrated in the table below, a meaningful portion of each executive officer's target total direct compensation is dependent on the Company's performance. Approximately 90% of the Chief Executive Officer's target total direct compensation and an average of approximately 79% of the target total direct compensation of the other named executive officers was "variable", i.e., dependent on the Company's performance. In the graphics below, "fixed" compensation is comprised of 2021 target base salary, while "variable" compensation is comprised of 2021 target Entegris Incentive Plan award and 2021 annual long-term incentive compensation grant consisting of restricted stock units, stock options and performance share units.

TOTAL DIRECT COMPENSATION

	CEO	Element	Description and Purpose of the Compensation Element	Fiscal 2021 Commentary	Other NEOs
Fixed	10%	Base Salary	Rewards core competence in the executive role relative to required skills, experience and contributions to the Company. Generally targeted at the median level, based on competitive market practice.	The Company awarded increases to the base salaries of the named executive officers during fiscal 2021 to bring their base salaries into general alignment with the market median level, adjusted for executive-specific factors such as tenure, proficiency in role, and criticality.	21%
		Short-Term Incentive Compensation	Rewards achievement of Company financial performance criteria to: <ul style="list-style-type: none"> • Incentivize the achievement of annual financial performance metrics that will drive our long-term success; and • Incentivize achievement of pre-established business objectives. 	In 2021, Entegris Incentive Plan awards were again based on the Company's performance with respect to adjusted EBITDA as a percentage of revenue (weighted 75%) and on the achievement of specified key business objectives for the year (weighted 25% in aggregate). During 2021, the Company's performance exceeded the target level for the adjusted EBITDA metric and exceeded the key business objectives. For more information, please see the "—Short-Term Incentive Compensation" section below.	
Variable	90%	Long-Term Incentive Compensation	The Company awards its executive officers with time-vested restricted stock units and stock options, which both vest ratably over four years, and performance share units that provide the opportunity to earn shares of the Company based on the Company's TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over a three-year period. The purposes of our long-term incentive awards are to: <ul style="list-style-type: none"> • Promote executive ownership of our stock; • Promote retention of executives in a competitive labor market over the longer term; • Encourage management focus on critical performance metrics creating value for stockholders; and • Align the program with peer group and market practices, where appropriate. 	No changes to the type and mix of long-term incentive awards were made for 2021. Named executive officers received time-vested restricted stock units (weighted 40% on a value basis), time-vested stock options (weighted 30%) and relative TSR PSUs (weighted 30%).	79%

OTHER COMPENSATION

Element	Description and Purpose of the Compensation Element	Fiscal 2021 Commentary
Retirement Benefits	The Company provides both qualified and non-qualified tax-deferred retirement savings plans to: <ul style="list-style-type: none"> • Encourage employee long-term commitment to the Company; • Promote employee savings for retirement; and • Make total retirement benefits available to executives commensurate with other employees as a percentage of compensation. 	There were no changes to the participation in the Company's retirement plans and no change to the benefits provided.
Welfare Benefits	Executives participate in employee benefit plans generally available to employees to provide a broad-based total compensation program designed to be competitive in the labor market.	In 2021, there were no changes from historical practice.
Perquisites	The Company provides no material perquisites to executive officers.	In 2021, there were no changes from historical practice.
Change in Control Termination Benefits	Change in control agreements provide for "double-trigger" benefits and are designed to retain executives and provide continuity of management in the event of an actual or threatened change in control of the Company.	In 2021, there were no changes from historical practice.

The use of these compensation elements enables us to reinforce our pay-for-performance philosophy and to strengthen our ability to attract and retain high-quality executives. The Compensation Committee believes that this combination of compensation elements provides an appropriate mix of fixed and variable pay and achieves an appropriate balance between short-term financial and operational performance and long-term stockholder value. The Compensation Committee determines the amount of compensation under each component of executive compensation granted to the executive officers to emphasize performance-based compensation tied to financial metrics approved by the Compensation Committee and to achieve the appropriate balance between cash compensation and equity compensation, as well as to reflect the level of responsibility of the executive officer. There is no pre-established policy or target for the allocation between either cash and non-cash or short- and long-term incentive compensation. With respect to fiscal 2021, the total compensation paid or awarded to the named executive officers included both short-term cash and equity based long-term incentive compensation.

In addition, the Compensation Committee has in the past analyzed, and expects that from time to time it will continue to analyze, tally sheets prepared for each senior executive, including the named executive officers, as a benchmark for its compensation decisions. Typically, these tally sheets have been prepared by our human resources and finance departments. Each of these tally sheets presents the dollar amount of each major component of the named executive officers' compensation, including current cash compensation (base salary and short-term incentive compensation), accumulated deferred compensation balances and outstanding equity awards. The overall purpose of the tally sheets is to bring together in one place all of the elements of actual and potential future compensation of our named executive officers, as well as information about wealth accumulation, so that the Compensation Committee may analyze both aggregate total amount of actual and projected compensation as well as internal pay equity and other decisions regarding executive compensation.

When making compensation decisions, the Compensation Committee also looks at the target total direct compensation of our Chief Executive Officer and the other named executive officers relative to that provided to similarly-situated executives based on market data provided by F.W. Cook. The Compensation Committee believes, however, that a benchmark should be a point of reference for measurement, but not the determinative factor for our executives' target compensation. The purpose of the comparison is merely to supplement and not to supplant the analyses of internal pay equity, wealth accumulation potential and the individual performance of the executive officers that the Compensation Committee considers when making compensation decisions. Because the comparative compensation information is just one of the several analytical tools that are used in setting executive compensation, the Compensation Committee has discretion in determining whether to use this information and/or the nature and extent of its use.

Base Salary

In general, base salary for each employee, including the named executive officers, is established based on the individual's job responsibilities, performance and experience; the competitive environment; and executive-specific factors such as tenure, proficiency in the role, and criticality. Each year, we survey the compensation practices of companies serving the semiconductor and other industries deemed relevant as well as general market pay practices for executives in the United States and in other countries in which we have significant employee populations in order to assess the competitiveness of the compensation we offer. In addition, for senior executives including the named executive officers, the Compensation Committee evaluates base salary against corresponding compensation data from our peer group and national, technology industry survey data. In fiscal 2021, we continued to target base salary at the median of the peer group and survey reference points compiled by F.W. Cook, adjusted for executive-specific factors such as tenure, proficiency in role, and criticality. The percent changes in annual base salary from 2020 to 2021 for each of the named executive officers are reflected in the table below.

Name	Annual Base Salary	% Change From 2020
Bertrand Loy	\$1,000,000	8%
Gregory B. Graves	\$570,000	4%
Todd J. Edlund	\$530,000	4%
Susan Rice	\$415,000	4%
Clint Haris	\$390,000	10%

As noted above, the Compensation Committee believes that our success is dependent on our ability to hire and retain high-caliber executives in critical functions, and the pursuit of this objective may require us to recruit individual executives who have significant compensation and retention packages in place with other employers. In order to attract such individuals to Entegris, we may be required to negotiate compensation packages that deviate from the general principle of targeting base pay at the market median. Similarly, we may determine to provide compensation outside of the normal cycle to individuals to address retention issues.

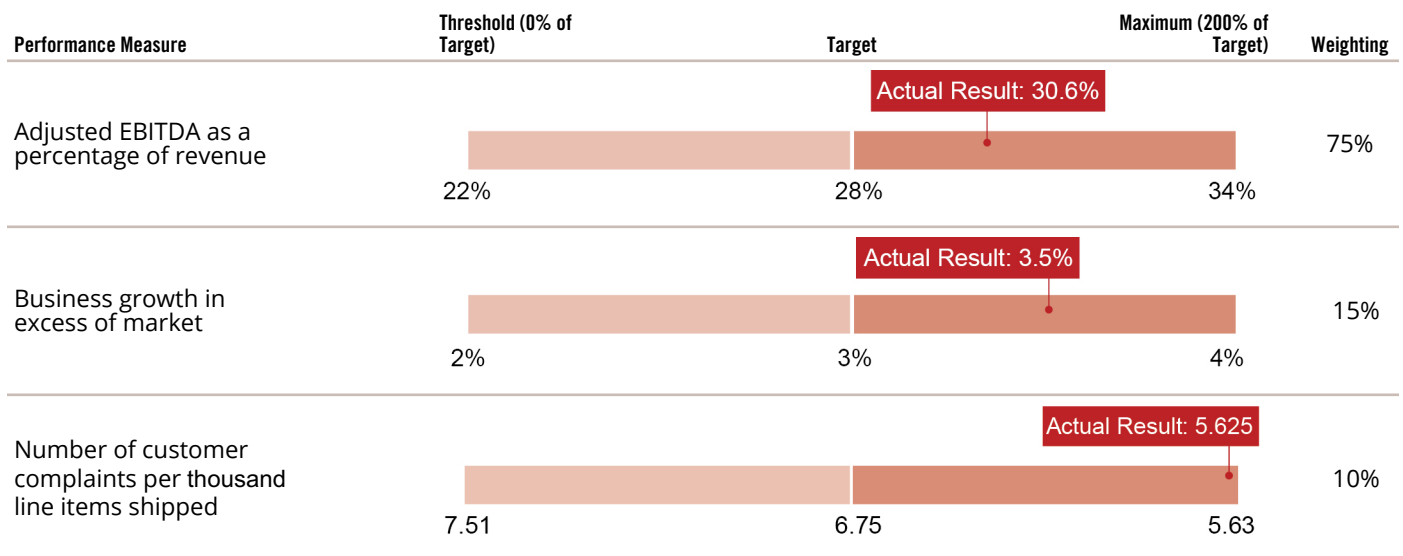

Short-Term Incentive Compensation

Entegris has, for a number of years, maintained a short-term variable incentive compensation program, the Entegris Incentive Plan ("EIP"), which generally provides for a potential cash award based upon the achievement of annual financial criteria and operating performance objectives in accordance with a sliding scale established by the Compensation Committee, with a fractional award for performance above the threshold level, a full award for target performance and a premium award of up to 200% of target for extraordinary performance. In addition to the financial criteria and operating performance objectives, awards under the EIP are conditioned on the Company achieving an operating profit. During 2021, the Chief Executive Officer was eligible to receive a target incentive compensation payment equal to 120% of his base salary, and the named executive officers listed in the "Summary Compensation Table" below other than the Chief Executive Officer continued to be eligible to receive target incentive compensation payments ranging from 60% to 85% of their base salaries. During 2021 target incentive compensation payments for our Chief Operating Officer, Senior Vice President for Human Resources and Senior Vice President and General Manager for the Company's Microcontamination Control division were increased from 80%, 60% and 60% of their base salaries, respectively, to 85%, 70% and 70% of their base salaries, respectively. Our Executive Vice President and Chief Financial Officer's target incentive compensation was unchanged in 2021, remaining at 85% of his base salary. The EIP is administered by, and all awards are made at the discretion of, the Compensation Committee. The target incentive compensation payments to our named executive officers, as a percentage of base salary, approximated the median of target incentive compensation payments of the market data, adjusted for executive-specific factors such as tenure, proficiency in role, and criticality.

Under this plan, with respect to 2021, an incentive pool is established based upon the level of the attainment of financial objectives established by the Compensation Committee. For 2021, the EIP awards were based on: (i) the achievement of adjusted EBITDA as a percentage of revenue within a range established by the Compensation Committee (from a threshold of 22% of revenue to a maximum of 34% of revenue) with target performance established at 28%, weighted at 75% and providing for awards ranging from 0% of target for threshold or below threshold performance to a maximum of 200% of target for performance at the top of the range, with linear interpolation between levels; (ii) the achievement of organic business growth (defined as revenue growth excluding revenue from the first twelve months of our operation of acquired businesses) in excess of our markets within a range established by the Compensation Committee (from a threshold of 2% growth in excess of our markets to a maximum of 4% growth in excess of our markets) with target performance established at 3%, weighted at 15% and providing for awards ranging from 0% of target for threshold or below average performance to a maximum of 200% of target for performance at the top of the range, with linear interpolation between levels; and (iii) the achievement of the number of customer complaints per thousand line items shipped within a range established by the Compensation Committee (from a threshold of 7.51 customer complaints per thousand line items shipped to a maximum of 5.63 customer complaints per thousand line items shipped) with target performance established at 6.76 customer complaints per thousand line items shipped, weighted at 10% and providing for awards ranging from 0% of target for threshold or below average performance to a maximum of 200% of target for performance at the top of the range, with linear interpolation between levels. After the incentive pool is established, the Compensation Committee has the discretion to approve payments above or below the formula-based payout based on other factors deemed relevant, up to 200% maximum.

For 2021, the Compensation Committee approved an EIP payout of 160% of target. The Company achieved adjusted EBITDA at 30.6% of revenue (143.5% of target, unweighted), business growth in excess of our markets at 3.5% (153% of target, unweighted) and 5.652 customer complaints per thousand line items shipped (198% of target, unweighted). For 2021, the calculated EIP payout was 150.4% of target, but the Compensation Committee exercised positive discretion to increase the payout to 160% of target. In making this determination, the Compensation Committee considered numerous factors, including but not limited to, the Company's overall pay-for-performance compensation philosophy, the Company's strong financial performance, inclusive of the discretionary increase to the EIP payout, the very competitive labor market, the belief that a strong EIP payout would positively impact employee retention and overall morale, the Company's overall performance relative to its peers, the Company's ability to successfully navigate a very dynamic supply chain environment and high demand from its customers, and the visible and tangible progress on its CSR initiatives, including publishing its first CSR report, strong performance on safety goals, improved ratings from ESG ratings agencies and positive feedback on progress from various internal and external stakeholders. In aggregate, the discretionary increase of the EIP payout from 150.4% of target to 160% of target increased compensation expenses by approximately \$5 million. Clint Haris' participation in the EIP was based on divisional (rather than corporate) performance, where Mr. Haris' payout was modified by the Compensation Committee in accordance with the EIP based on a review of the relative performance of Mr. Haris' division compared to the performance of the other divisions.

Long-Term Incentive Compensation

During 2021, executives and certain key employees were eligible to receive equity grants and awards under the Entegris, Inc. 2020 Stock Plan, which is administered by the Compensation Committee. Restricted stock unit awards, stock option awards and performance share unit awards, as described below, were the three equity vehicles used by Entegris for long-term incentive awards to executive officers during 2021. The 2021 long-term incentive awards to the named executive officers are listed in the "2021 Grants of Plan-Based Awards" table below under the columns entitled (in the case of performance share unit awards) "Estimated Future Payouts Under Equity Incentive Plan Awards," (in the case of restricted stock unit awards) "All Other Stock Awards: Number of Shares of Stock or Units" and (in the case of stock option awards) "All Other Option Awards: Number of Securities Underlying Options."

The Compensation Committee believes that long-term incentive awards to executive officers, including the named executive officers, should be comprised of a mixture of restricted stock units, stock options and performance share units. Accordingly, for 2021, the Compensation Committee approved equity awards for executive officers comprised, as a percentage of the total annual grant value, of 40% restricted stock units, 30% stock options and 30% performance share units, which has been unchanged since 2015. The total annual grant value of long-term equity incentive awards granted to our named executive officers in 2021 approximated the market median, adjusted for executive-specific factors such as tenure, proficiency in role, and criticality. A description of the terms of each type of equity award and the reasons why the Compensation Committee believes each is an appropriate long-term incentive equity vehicle follows.

- **Restricted Stock Units.** Forty percent of the 2021 equity award to executive officers consisted of restricted stock units, with restrictions lapsing in four equal installments on February 19th of the first through the fourth years following the date of award. The award of restricted stock units is designed to enable the Company to retain executive officers and other key employees during turbulent economic times and in a competitive labor market. Non-executive employees receiving equity awards in 2021 received restricted stock units, with the restrictions lapsing ratably over four years in accordance with the foregoing schedule.
- **Stock Options.** Thirty percent of the 2021 equity awards to executive officers consisted of stock options that vest in four equal installments on February 19th of the first through the fourth years following the date of grant and have a seven-year term. The Compensation Committee believes that the award of stock options is an effective mechanism to align the interests of our executive officers with those of Entegris stockholders, which is expected to lead to an increase in the long-term value of Entegris' common stock. This is because stock options only provide value to the recipient if the price of the Company's common stock appreciates, which creates a strong performance orientation consistent with our pay-for-performance philosophy. All stock options granted in 2021 were granted with an exercise price equal to the fair market value of Entegris common stock on the date of grant.
- **Performance Share Units.** Thirty percent of the 2021 equity awards to executive officers consisted of performance share units, which provide the opportunity to earn shares of the Company's common stock based on the Company's TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over a three-year period following the date of award. Early in 2021, each recipient received a target allocation of performance share units; the final number of shares which may be earned pursuant to ranges from 0% to 200% of target. The number of shares actually earned at the end of the performance period is based on a pre-established payout curve, which provides for earnouts of 50%, 100% and 200% of target for performance at the 25th, 50th and 85th percentiles, respectively, with linear interpolation between such levels (no shares are earned for performance below the 25th percentile). If the Company's absolute TSR is negative, then the maximum number of shares that may be earned is the target performance share allocation. Performance share units earned over the three-year performance period will be fully vested on the last day of the performance period and are required to be settled as soon as practicable following certification of the number of shares earned by the Compensation Committee. The Compensation Committee included performance share units as a component of the 2021 long-term incentive award for executive officers because the Compensation Committee believes that relative TSR is an important metric for our stockholders' evaluation of the Company's performance against the performance of other companies. The performance share units thus create an additional alignment with stockholder interests through an objective performance metric. In addition, based on the Compensation Committee's review of peer company market data, it believes that TSR-based performance share units frequently represent a significant portion of equity incentives used by companies that compete with us in attracting, hiring, motivating and retaining executives. In February 2022, with respect to the performance share units awarded in 2019, which had terms generally similar to those of the 2021 awards described above (except that the awards made in 2019 were subject to an additional limitation whereby the value of the shares earned on the vesting date may not exceed 300% of the initial grant date fair value of the target share allocation at award), the Compensation Committee certified that Entegris' TSR during the period was approximately 313%, representing the 73rd percentile versus companies in the Philadelphia Semiconductor Index, resulting in the vesting of shares at 75% of target, which reflected the application of the 300% of target value cap described above. Had the value cap not applied, shares would have vested at the maximum level (150% of target).

Chief Executive Officer Compensation

The Compensation Committee evaluates the compensation package of the Chief Executive Officer of Entegris in accordance with the objectives and methodology described above. In evaluating the Chief Executive Officer's target total direct compensation for 2021, the Compensation Committee also considered compensation levels of chief executive officers in the market pay analysis conducted by F.W. Cook, individual performance, Entegris' recent financial performance and the terms of Mr. Loy's executive employment agreement.

Other Compensation

Benefits

We provide benefit programs to executive officers and to other employees. The following table generally identifies such benefit plans and identifies those U.S. employees who may be eligible to participate:

Benefit Plan	Executive Officers	Certain Managers	Full Time Employees
401(k) Plan	✓	✓	✓
Medical/Dental Plans	✓	✓	✓
Life and Disability Insurance ⁽¹⁾	✓	✓	✓
Employee Stock Purchase Plan	✓	✓	✓
Supplemental Executive Retirement Plan (SERP)	✓	✓	Not Offered
Deferred Compensation Plan	✓	✓	Not Offered
Change of Control Agreements ⁽²⁾	✓	Not Offered	Not Offered

⁽¹⁾ All Entegris officers receive company-paid long-term disability coverage that provides a monthly benefit of 60% of qualified salary to a maximum of \$15,000 per month.

⁽²⁾ The Company has change of control agreements with its executive officers, its Senior Vice President, Chief Commercial Officer and its Senior Vice President, Global Operations & Supply Chain.

Personal Benefits

The Company does not offer the named executive officers perquisites other than relocation expenses and allowances made available to certain new hires or in accordance with the Company's mobility policies.

Retirement Plans

During 2021, Entegris offered retirement benefits to its U.S. employees through the tax-qualified Entegris, Inc. 401(k) Savings and Profit Sharing Plan (2017 Restatement), as amended (the "401(k) Plan"), which generally provides for an employer match for employee contributions. Executive officers participated in the 401(k) Plan on the same terms as those available for other eligible employees in the U.S. The 401(k) Plan provides a long-term savings vehicle that allows for pre-tax and/or post-tax Roth contributions by employees and tax-deferred earnings. During 2021, the Company made matching contributions to the 401(k) Plan equal to 100% of such employee contributions on the first 3% of eligible compensation and 50% of the next 2% of eligible compensation, not to exceed the annual IRS limit.

In connection with the 401(k) Plan we also maintain the Entegris, Inc. Supplemental Executive Retirement Plan ("SERP"), a non-qualified retirement plan. Under the SERP, certain senior executives, including the named executive officers, are allowed certain salary deferral benefits that would otherwise be lost by reason of restrictions imposed by the Internal Revenue Code limiting the amount of compensation which may be deferred under tax-qualified plans. Compensation that may be deferred into the SERP include employee and matching employer contributions that are in excess of the maximum deferral amount allowed under the terms of the 401(k) Plan. Participant accounts are credited with an investment return equivalent to that provided by the investment vehicles elected by the participant, which may be allocated among the same investment funds as are offered with respect to the 401(k) Plan accounts.

The individual participant balances in the 401(k) Plan and the SERP reflect a combination of: (1) the annual amount contributed by the Company or by the employee to the 401(k) Plan and the SERP and the amount of cash compensation that the employee elects to defer; (2) the annual contributions and/or deferred amounts being invested at the direction of the employee (the same investment choices are available to all participants); and (3) the continuing reinvestment of the investment returns until the accounts are paid out. This means that similarly situated employees, including the named executive officers, may have materially different account balances because of a combination of these factors. See the "Non-Qualified Deferred Compensation Table" below for more information on account balances and earnings under the SERP for the named executive officers.

Procedures for Determining Compensation

Executive Compensation Decision-Making Process

Evaluation of Compensation against External Data

For the 2021 compensation programs, the Compensation Committee evaluated each element of target total direct compensation (the sum of base salary, target annual incentive and grant date present value of long-term incentives) against corresponding compensation data from comparable companies collected by F.W. Cook. The Compensation Committee compared the Company's compensation practices and target compensation levels to that provided to executives among a group of companies that were evaluated by F.W. Cook and the Compensation Committee as being comparable to Entegris. In mid-2020, the Compensation Committee, working with F.W. Cook, reviewed and revised the peer group to align the peer median market capitalization more closely with that of Entegris (which had been growing at a faster rate than the previous peers' median market capitalization) and to ensure that the peer group size measures continued to be appropriately aligned with Entegris. To that end, Albemarle Corporation, Monolithic Power Systems, Inc., Qorvo, Inc., Skyworks Solutions, Inc. and Xilinx, Inc. were added to the peer group for 2021, while each of Advanced Energy Industries, Inc., Coherent, Inc., Diodes Incorporated, Ferro Corporation, Innospec, Inc. W.R. Grace & Co. and Watts Water Technologies, Inc. were removed. In addition, the peer group was revised in light of mergers and acquisitions activity, removing two acquired peers (Cypress Semiconductor Corporation and Versum Materials, Inc.). The revised 16-company peer group shown below was approved by the Compensation Committee to inform its decisions with respect to target total direct compensation levels for 2021:

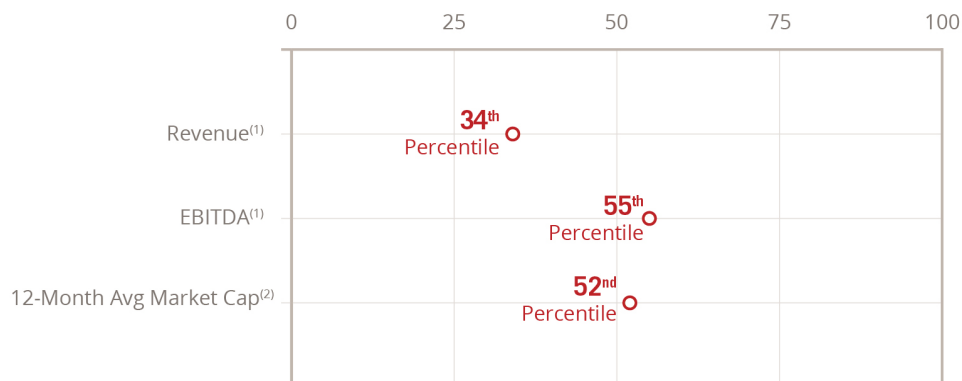

Albemarle Corporation	Graco Inc.	National Instruments Corporation
Ashland Global Holdings Inc.	Hexcel Corporation	Nordson Corporation
CMC Materials, Inc. (formerly Cabot Microelectronics Corporation)	II-VI Incorporated	Qorvo, Inc.
Cree, Inc.	MKS Instruments, Inc.	Skyworks Solutions, Inc.
FLIR Systems, Inc.	Monolithic Power Systems, Inc.	Teradyne, Inc.
		Xilinx, Inc.

This group was selected from among companies operating in similar or related industries with median revenues, EBITDA and market capitalizations approximating those of the Company. The graphic below illustrates the Company's position relative to its peer group with respect to these metrics at the time the peer group was selected in mid-2020. The Compensation Committee selected peer companies in the same or related industries on the basis of these metrics because it believes that they are commonly used to compare the relative size of companies.

Information concerning the compensation practices of these companies was drawn from their proxy statements or other public filings. The Compensation Committee annually reviews the peer group with the assistance of F.W. Cook to ensure that it remains appropriate.

As a general matter, the Compensation Committee intends to set target total direct compensation for the named executive officers at the market median, adjusted for executive-specific factors such as tenure, proficiency in role, and criticality.

POSITIONING OF ENTEGRIS RELATIVE TO PEER GROUP

⁽¹⁾ Reflects revenue or EBITDA, as applicable, for the four most-recently completed quarters as of August 31, 2020.

⁽²⁾ As of August 31, 2020.

Based upon the Compensation Committee's review of the compensation arrangements discussed below, the compensation levels of the above peer companies, general market pay practices for executives and its assessments of individual and corporate performance, the Compensation Committee believes that the Company's executive compensation policies for 2021 were appropriate. While executive officers, principally the Senior Vice President for Global Human Resources, worked closely with the Compensation Committee and with F.W. Cook to design Entegris' compensation programs for 2021 (other than for the Chief Executive Officer), the Compensation Committee ultimately decides which policies to adopt and directs and approves the design of all compensation programs as well as the specific compensation paid to each of the named executive officers. Discussions concerning Chief Executive Officer compensation are conducted between F.W. Cook and the Compensation Committee without executive officer involvement.

Risk Assessment with Respect to Compensation Policies and Practices

At its December 2021 meeting, the Compensation Committee reviewed the various design elements of our compensation program to determine whether it encourages excessive or inappropriate risk-taking. The scope of this review included aspects of executive compensation and consideration of the items of our compensation policies and practices that affect all employees. In general, the process used by the Compensation Committee to complete its risk evaluation was as follows:

- The Compensation Committee identified the compensation-related risks that the Company may face;
- The Compensation Committee identified the material design elements of our compensation policies and practices with respect to all employees; and
- The Compensation Committee then evaluated whether there is a relationship between any of those design elements and any of our most significant risks. More specifically, the Compensation Committee evaluated whether any of the design elements of our compensation policies and practices encourages our employees to take excessive or inappropriate risks that are reasonably likely to have a material adverse impact on the Company.

After completing its evaluation, the Compensation Committee concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. More specifically, the Compensation Committee concluded that our compensation program is designed to encourage employees to take actions and pursue strategies that support our best interests and the best interests of our stockholders, without promoting excessive or inappropriate risk.

The design elements of our executive compensation program (which are described in detail elsewhere in this "Compensation Discussion and Analysis" section) do not include unusual or problematic compensatory schemes that have been linked to excessive risk-taking. Furthermore, the design elements of our compensation program that directly tie compensatory rewards to our performance include various counter-balances designed to offset potentially excessive or inappropriate risk-taking. For example, there is a balance between the fixed components of the program and the performance-based components.

Similarly, with respect to the performance-based components, there is a balance between annual and longer-term incentives. Thus, the overall program is not too heavily weighted towards incentive compensation, in general, or short-term incentive compensation, in particular. The financial incentives are not based simply upon revenue. Rather, they are tied to performance metrics such as adjusted EBITDA (net income before interest income, interest expense, income tax expense, intangible amortization, depreciation, acquisition and integration costs, acquired inventory step-up amortization, and restructuring costs but excluding acquisition operating income, with income tax expense added back) as a percentage of revenue and quantitatively measured strategic objectives, which more closely align the interests of management with the interests of our stockholders. The performance metrics for incentive payments are established annually and reflect goals that are a stretch, but not so high that they require performance outside of what the Compensation Committee believes is reasonable or could motivate management to take actions in which we assume unreasonable levels of risk. In addition, there are caps on how much performance-based compensation may be earned in a particular performance period, and the Board has adopted a policy for clawback of performance-based compensation that was paid out in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under the federal securities laws. Furthermore, the Company maintains stock ownership guidelines for its executive officers, including the named executive officers, in order to promote a close alignment of the interests of those executive officers with those of Entegris stockholders. The Compensation Committee also maintains an ongoing dialogue with our management to track progress on performance-based goals in order to foresee and avoid any excessive or inappropriate risk taking that may otherwise be driven by a desire to maximize performance-based compensation.

Other Items

Stock Ownership Guidelines for Executive Officers

The Company maintains stock ownership guidelines for its executive officers, including the named executive officers, in order to ensure the continuation of the close alignment of the interests of those executive officers who are elected by the Board with those of Entegris stockholders. This alignment is a critical objective of the long-term incentive compensation discussed above. The guidelines provide that the Company's executive officers attain and maintain beneficial ownership of Entegris stock at the levels indicated in the below table. Since Mr. Graves is both our Chief Financial Officer and an Executive Vice President, he is held to the higher ownership standard of four times base salary. Determination of compliance with these guidelines is made as of January 31st of each year. For purposes of the stock ownership guidelines, beneficial ownership of Entegris stock includes direct holdings, holdings by immediate family members, shares held in 401(k) and employee stock ownership plans, unvested shares of restricted stock and restricted stock units. For purposes of complying with these guidelines, shares of the Company's common stock that executive officers have the right to acquire through the exercise of stock options (whether or not vested) and unearned performance restricted stock units are not included as shares owned by such executive officer.

Position	Minimum Ownership Level
Chief Executive Officer	6 times Base Salary
Executive Vice Presidents	4 times Base Salary
Chief Financial Officer	3 times Base Salary
Senior Vice Presidents	2 times Base Salary
Other Executive Officers	1 times Base Salary

In addition, the Board maintains stock ownership guidelines for directors. For more information, please see the "Corporate Governance — Compensation of Directors — Stock Ownership Guidelines for Directors" section of this Proxy Statement.

As of January 31, 2022, all executive officers serving at the end of 2021 were in compliance with the stock ownership guidelines.

Anti-Hedging and Pledging Policy

During 2014, the Board adopted a policy against hedging, pledging and speculative transactions in the Company's stock. This policy covers directors, executive officers, employees and consultants and prohibits directly or indirectly engaging in any hedging or monetization transactions with respect to the Company's securities; pledging, hypothecating, or otherwise encumbering shares of the Company's common stock or other equity securities as collateral for indebtedness, or engaging in short-term or speculative transactions in the Company's securities, including short-term trading where the Company's securities are sold within six months following the purchase (or vice versa) and short sales of the Company's securities (i.e., the sale of a security that the seller does not own).

Clawback Policy

In December 2018, the Board adopted an incentive compensation clawback policy. The Compensation Committee determined that it may be appropriate to recoup or "claw back" certain annual cash and long-term equity incentive compensation in specified situations. The Company may recoup paid incentive compensation in the event of an accounting restatement resulting from material noncompliance with financial reporting requirements under the federal securities laws. The Compensation Committee may, in its discretion, seek to recoup the difference between the incentive compensation paid and the lower amount that would have been paid based upon accurate information or restated financial results. The Compensation Committee has flexibility to update this policy to be consistent with any subsequent SEC rules on this topic. In addition, the Company now includes a specific reference to this clawback right in its equity award agreements.

Tax Deductibility

Under Section 162(m) of the Internal Revenue Code, the Company cannot deduct for tax purposes in any year more than one million dollars of compensation for any executive who serves as the Chief Executive Officer or Chief Financial Officer of the Company at any time during the year, any of the Company's executive officers who were the three other most highly compensated executive officers for the year, or any employee who was in one of these positions in a prior year. At the time the Compensation Committee made its 2021 compensation decisions, it took into account not only the non-deductibility of a significant portion of executive officer compensation for tax purposes but also the Company's compensation objectives for those executive officers, as well as considerations of competitiveness and retention. In general, the fact that a significant portion of executive officer compensation would be non-deductible for tax purposes did not affect the determination of the Compensation Committee that it was in the best interests of the Company and its stockholders for the Company to offer its executive officers an appropriately competitive level of compensation.

Management Development & Compensation Committee Report

The Management Development & Compensation Committee of the Company has reviewed and discussed the Compensation Discussion & Analysis as required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Management Development & Compensation Committee recommended to the Company's Board of Directors that the Compensation Discussion & Analysis be included in this Proxy Statement.

The information in this report of the Management Development & Compensation Committee shall not be deemed to be "soliciting material", "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act and is not incorporated by reference into any filings of the Company with the SEC, irrespective of any general incorporation language contained in any such filing.

2021 Summary Compensation Table

The following table summarizes the reportable compensation of the named executive officers for the fiscal years ended December 31, 2021, 2020 and 2019, in accordance with Item 402(c) of Regulation S-K. Because of the Company's emphasis on performance-based compensation, the Company did not pay any non-incentive plan bonuses to its named executive officers in 2021.

(1) Includes one bi-weekly payment that included compensation with respect to employment for a portion of the final week of 2019 due to the timing of payroll runs.

(2) Amounts reflect: (i) the grant date fair value for awards of restricted stock units made pursuant to the Company's long-term incentive program in 2021, 2020 and 2019, determined in accordance with FASB ASC Topic 718 (for a discussion of the assumptions underlying these valuations, please see Note 13 to the Company's Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021, which accompanies this Proxy Statement); and (ii) the grant date fair value for performance share units awarded in 2021, 2020 and 2019, determined in accordance with FASB ASC Topic 718. Assuming the highest level of performance is achieved under the performance share units granted in 2020, the maximum grant date values of the performance share units, based on the closing price of the Company's common stock on the last trading day of 2021 (\$138.58) at the maximum calculated payout, is: (a) in the case of Mr. Loy - \$6,186,211; (b) in the case of Mr. Graves - \$1,609,745; (c) in the case of Mr. Edlund - \$1,821,496; (d) in the case of Ms. Rice - \$677,379; and (e) in the case of Mr. Haris - \$593,122. For additional information with respect to awards made in fiscal 2021, see the 2021 Grants of Plan-Based Awards and Outstanding Equity Awards at 2021 Fiscal Year End tables herein.

(3) Amounts consist of the grant date fair value, computed in accordance with FASB ASC Topic 718, with respect to stock option awards granted in 2021, 2020 and 2019. For a discussion of the assumptions underlying these valuations, please see Note 13 to the Company's Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021, which accompanies this Proxy Statement.

(4) Reflects the amounts payable under the Entegris Incentive Plan with respect to the Company's performance during the indicated fiscal year and were paid in the succeeding year.

(5) For 2021, represents (a) employer matching contributions under the Entegris, Inc. 401(k) Savings and Profit Sharing Plan (2017 Restatement); (b) employer matching contributions to the Entegris, Inc. Supplemental Executive Retirement Plan; (c) the dollar value of group term life insurance premiums paid by the Company; and (d) the dollar value of executive short term disability premiums paid by the Company in each of the following amounts:

⁽¹⁾ Awards under the Entegris Incentive Plan. See “– Compensation Discussion & Analysis – Short-Term Incentive Compensation” above.

⁽²⁾ These stock awards are performance share units which provide the opportunity to earn shares of the Company’s common stock based on the Company’s TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over the three-year period following the date of award. See “– Compensation Discussion & Analysis – Long-Term Incentive Compensation” above. The indicated grant date fair value of these stock awards at target is calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. Performance share units include dividend equivalent rights under which amounts equivalent to any ordinary cash dividends declared by the Company during the vesting period will accrue and will become payable under the same vesting conditions and settlement terms as the underlying shares.

⁽³⁾ These stock awards are grants of restricted stock units. The restricted stock units granted on February 2, 2021 vest ratably over four years on February 19th of 2022, 2023, 2024 and 2025. The indicated grant date fair value of these stock awards is calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures. Restricted stock units include dividend equivalent rights under which amounts equivalent to any ordinary cash dividends declared by the Company during the vesting period will accrue and will become payable under the same vesting conditions and settlement terms as the underlying shares.

⁽⁴⁾ The indicated awards are stock option grants with an exercise price equal to the closing price on the Nasdaq of our stock on the indicated date of grant and that vest ratably over four years on each February 19th of 2022, 2023, 2024 and 2025. The indicated grant date fair value of these stock awards is calculated in accordance with FASB ASC Topic 718, excluding estimated forfeitures.

Outstanding Equity Awards at 2021 Fiscal Year End

February 19, 2025	February 2, 2021	7,440	1,936	2,191	815	713

(3) The indicated value is calculated using the closing price for the Company's common stock on the last trading day of 2021 (\$138.58). The indicated value includes any dividend equivalents (in the case of performance share units granted in 2019, on a dividends-reinvested basis) accrued through December 31, 2021 with respect to the unvested shares. Shares issuable in respect of reinvested dividend equivalents are included in the number of unearned, unvested shares in the "Equity Incentive Plan Awards: Number of Unearned Shares That Have Not Vested" column and are valued at the per share price indicated above. The indicated value includes aggregate dividend equivalents payable in cash upon vesting of the underlying awards for performance share units granted in 2020 and 2021 and all restricted stock units in the amount of: (a) in the case of Mr. Loy – \$120,459; (b) in the case of Mr. Graves – \$32,222; (c) in the case of Mr. Edlund – \$34,457; (d) in the case of Ms. Rice – \$15,129; and (e) in the case of Mr. Haris – \$12,141.

(4) The performance share units granted in 2018 and 2019 provide the opportunity to earn shares of the Company's common stock on a scale of from 0 to 150% of the number of units originally granted, plus any accrued dividends, based on the Company's TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over a three-year performance period and are fully vested when earned, subject to a cap equal to 300% of the value of the original grant. The performance share units granted in 2021 provide the opportunity to earn shares of the Company's common stock on a scale of from 0 to 200% of the number of units originally granted, plus any accrued dividends, based on the Company's TSR as compared with the TSR achieved by the companies that comprise the Philadelphia Semiconductor Index over a three-year performance period and are fully vested when earned. The shares indicated are based on the Company achieving maximum performance goals. See "– Compensation Discussion & Analysis – Long-Term Incentive Compensation" above. For performance share units granted in 2019, the number of shares includes shares issuable in connection with the reinvestment of dividend equivalents accrued through December 31, 2021 with respect to unvested shares.

2021 Option Exercises and Stock Vested

The following table provides information regarding stock options exercised by, and the number of shares of stock vested with respect to, the named executive officers during the fiscal year ended December 31, 2021:

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise ⁽¹⁾ (\$)	Number of Shares Acquired on Vesting ⁽²⁾ (#)	Value Realized on Vesting ⁽³⁾ (\$)
Bertrand Loy	300,444	27,582,066	61,245	6,480,189
Gregory B. Graves	63,848	5,074,651	22,017	2,329,500
Todd J. Edlund	59,498	5,377,718	20,855	2,206,780
Susan Rice	—	—	14,542	1,817,724
Clint Haris	—	—	6,873	727,289

(1) Value realized upon exercise of option awards is based on the difference between the exercise price and the closing value of the Company's stock on the date of exercise (or sale price if the shares were sold on the date of exercise).

(2) Represents restricted stock units and performance share units that vested during the fiscal year.

(3) Value realized on vesting of stock awards is based on the closing value of the Company's common stock on the date of vesting plus the dollar value of dividend equivalents payable upon vesting of the underlying award.

Nonqualified Deferred Compensation

Pursuant to the SERP, certain executives, including the named executive officers, may defer eligible compensation in excess of the maximum deferral amount allowed under the terms of the Company's 401(k) Plan. Deferral elections are made by eligible executives each year for amounts to be contributed in the following year. Compensation that may be deferred into the SERP includes employee and matching employer contributions that are in excess of the maximum deferral amount allowed under the terms of the 401(k) Plan. Payment of distributions to the participant under the SERP may be made only upon the retirement, death, disability or other termination of employment with the Company and shall generally be paid in a lump sum six months following the date of such termination. No distributions from the SERP may be made to a participant while still employed by Entegris. Participants are 100% vested with respect to participant and employer matching contributions. Participant accounts under the SERP are credited with an investment return equivalent to that provided by the investment vehicles elected by the participant, which may be allocated among the same investment funds as are offered with respect to the 401(k) Plan accounts.

2021 Nonqualified Deferred Compensation Table

The following table lists the deferred contributions by the named executive officers, by the Company for the benefit of the named executive officers and the aggregate earnings, withdrawals and account balances for the named executive officers during the fiscal year ended December 31, 2021 under the SERP:

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY ⁽¹⁾ (\$)	Aggregate Earnings in Last FY ⁽²⁾ (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE ⁽³⁾ (\$)
Bertrand Loy	68,688	92,058	481,834	—	3,279,574
Gregory B. Graves	33,900	87,234	97,497	—	1,235,920
Todd J. Edlund	47,250	47,615	29,291	—	567,765
Susan Rice	15,497	20,014	16,716	—	132,691
Clint Haris	—	17,998	117,803	—	995,148

- (1) The employer matching contribution reflected in this column is established by an offset formula which includes contributions to the employee's 401(k) account in the calculation of the employer matching contribution under this non-qualified retirement plan. The amounts listed for each of the named executive officers in this column are detailed with respect to each named executive officer in footnote 5 to the Summary Compensation Table above in clause (b) of that footnote.
- (2) The amounts listed for each of the named executive officers in this column are determined by the size of the non-qualified retirement plan account of the respective named executive officers and by their respective investment elections under the SERP from among the same investment funds that are offered under the Company's 401(k) Plan.
- (3) The amounts in this column represent the fully vested balance as of December 31, 2021 and include amounts deferred in previous years. These amounts include contributions reported in the Summary Compensation Table for years 2020 and 2019 as follows: Mr. Loy, \$67,256 and \$70,975, respectively; Mr. Graves, \$25,469 and \$26,215, respectively; Mr. Edlund, \$25,353 and \$27,461, respectively; Ms. Rice, \$14,467 and \$15,688, respectively; and Mr. Haris, \$12,541 and \$14,947, respectively.

The Company also maintains a Deferred Compensation Plan that permits eligible participants, subject to certain restrictions, to defer a specified portion of his or her base salary, incentive compensation and stock compensation for a fixed period specified by the eligible participant at the time the deferral election is made. Eligible participants are those employees who qualify as highly compensated within the meaning of the Employee Retirement Income Security Act, as amended, and who have been designated as eligible by the Compensation Committee. Amounts deferred under this plan receive notional earnings based on the investment performance of investments selected by the eligible participant from among the same selection of investment funds as are offered under the Company's 401(k) Plan. During 2021, none of the named executive officers participated in this plan.

Employment Agreements

In connection with his promotion to Chief Executive Officer in 2012, the Company entered into an Executive Employment Agreement with Mr. Loy employing him as President and Chief Executive Officer (the "CEO Agreement"). As of December 31, 2021, under the CEO Agreement, Mr. Loy receives a base salary of \$1,000,000 per year (which reflects increases in each of 2021, 2020, 2019, 2018, 2016 and 2015) and variable compensation pursuant to the EIP at a target performance equal to 120% of base salary. Mr. Loy is eligible to participate in the Company's Long-Term Incentive Program and to receive equity awards from time to time as determined by the Board. The CEO Agreement is subject to annual automatic renewal unless the Board sends notice of non-renewal sixty (60) days prior to expiration of the renewal term. In addition, the Company has entered into an Executive Change in Control Termination Agreement with each named executive officer, as described under "Potential Payments upon Termination or Change in Control" below. Please see that discussion for a detailed description of the terms of these agreements.

Potential Payments Upon Termination or Change In Control

There are currently in effect Executive Change in Control Termination Agreements with each of Mr. Loy, Mr. Graves, Mr. Edlund, Ms. Rice and Mr. Haris to provide them with certain severance benefits in the event of a "Change in Control" of Entegris. In general, a Change in Control shall be deemed to have occurred when (1) any person becomes the beneficial owner, directly or indirectly, of 30% or more of the Company's then outstanding common stock, (2) if those members who constituted a majority of the Board cease to be so or (3) if an agreement for the merger or other acquisition of the Company is consummated. If during the two-year period following a Change in Control the executive's employment is terminated by the Company without cause (as defined in the agreement – generally gross dereliction of duty, fraud, embezzlement or theft, material breach of fiduciary duty or certain non-competition, non-solicitation and confidentiality obligations, or conviction of a felony or crime involving moral turpitude) or if the executive terminates employment for "good reason" (as defined in the agreement – generally certain adverse changes to the terms or conditions of the executive's employment), a so-called "double trigger," then the executive will become immediately entitled to:

- (i) payment of all unpaid compensation and expenses earned or incurred prior to the date of termination;
- (ii) a lump-sum severance payment equal to the sum of two times (or, in the case of Mr. Loy, three times) the executive's base salary plus two times (or, in the case of Mr. Loy, three times) the greater of the highest annual bonus during the three years prior to termination or target bonus for the year of termination;
- (iii) medical, dental and life insurance benefits for executive and executive's family members for a period of two years (or, in the case of Mr. Loy, three years) following the date of termination;
- (iv) immediate vesting of all unvested equity awards, and, in the case of stock options, the ability to exercise stock options for a period of up to one year following such termination (or, if earlier, until the expiration date of the options); and
- (v) up to \$15,000 of outplacement services.

Estimate of Change in Control Severance Benefits. The following table estimates potential payments following a change in control if our named executive officers were terminated by us without "cause" or if the named executive officer terminated "for good reason" on December 31, 2021:

Name	Salary (\$)	Cash Incentive Compensation Payment ⁽¹⁾ (\$)	Insurance and other Benefits ⁽²⁾ (\$)	Net Value of Acceleration of Vesting of In-The Money Options ⁽³⁾ (\$)	Aggregate Value of Acceleration of Vesting of Restricted Stock, Restricted Stock Units and Performance Share Units ⁽⁴⁾ (\$)	Total (\$)
Bertrand Loy	3,000,000	5,760,000	312,648	17,260,971	32,982,351	59,315,970
Gregory B. Graves	1,140,000	1,550,400	118,230	5,488,949	7,921,166	16,218,745
Todd J. Edlund	1,060,000	1,441,600	142,575	5,784,713	8,701,666	17,130,554
Susan Rice	830,000	929,600	71,991	2,556,059	3,687,361	8,075,011
Clint Haris	780,000	821,730	42,954	2,013,324	3,074,759	6,732,767

⁽¹⁾ Amounts are based upon the cash incentive compensation paid with respect to 2021.

⁽²⁾ Reflects the premiums to be paid by the Company to provide the named executive officer with health and dental benefits substantially similar to those they were receiving as of December 31, 2021 (with an assumed 5% premium increase per year on medical insurance), the premiums to be paid by the Company to provide the named executive officer with continuation of group term life insurance and the cost paid by the Company for the outplacement allowance referred to above.

⁽³⁾ Reflects the net value of in-the-money unvested stock options based on the closing price of the Company's stock on the last trading day of 2021. The net value of in-the-money vested and unvested stock options based on the closing price of the Company's stock on the last trading day of 2021 (\$138.58), is: (a) in the case of Mr. Loy – \$17,260,971; (b) in the case of Mr. Graves – \$5,991,992; (c) in the case of Mr. Edlund – \$6,371,610; (d) in the case of Ms. Rice – \$5,621,012; and (e) in the case of Mr. Haris – \$5,284,983.

⁽⁴⁾ Reflects the value of restricted stock units and performance share units, which are calculated assuming the Company achieves maximum performance, as of December 31, 2021, subject to valuation caps and valued based on the closing price of the Company's stock on the last trading day of 2021 (\$138.58), plus accrued dividends. The value of accrued dividends is: (a) in the case of Mr. Loy – \$110,778; (b) in the case of Mr. Graves – \$30,250; (c) in the case of Mr. Edlund – \$31,698; (d) in the case of Ms. Rice – \$13,943; and (e) in the case of Mr. Haris – \$10,846.

The change in control agreements for Mr. Graves and Mr. Edlund also provide for a tax “gross-up” payment to the executive of an amount sufficient to satisfy, on an after-tax basis, any excise tax payable by such executive under Section 4999 of the Internal Revenue Code of 1986 as a result of any payments or benefits received by him. We estimate that, based on the value of the payments and acceleration of vesting that would occur upon an assumed change in control and simultaneous termination of employment on December 31, 2021, calculated in accordance with IRS guidance, neither Mr. Graves nor Mr. Edlund would be subject to any excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, and therefore would not be entitled to receive any gross-up payment in connection with such change-in-control benefits. The calculation of any applicable excise tax is complex and depends on many variables, including the executive’s historical compensation prior to termination and the value of termination benefits, which depends in part on the value of our common stock on the date of termination. Accordingly, this estimate of a gross-up payment may not apply to termination of employment on any subsequent date, and the amount of any actual gross-up payment could be materially greater than such estimate. Pursuant to the Company’s policy, change in control agreements entered into after 2013 do not contain any change in control tax gross-up provisions.

The change in control agreements also include a confidentiality covenant and two-year post-termination non-competition and non-solicitation covenants by each named executive officer (or, in the case of Mr. Loy, three years).

Severance Benefits in Connection with Termination. As described above in “Executive Compensation Tables — Employment Agreements,” Mr. Loy and, as described below, Mr. Graves have certain agreements with the Company that provide for severance benefits in the event they are terminated by us as described below.

In the event that Mr. Loy’s employment is terminated by the Board without cause as defined in the CEO Agreement (generally, conviction of or plea of no contest to certain felonies, an ongoing failure to perform his duties, gross negligence, dishonesty, willful malfeasance or gross misconduct in connection with his employment, or willful failure to follow lawful directives) or by Mr. Loy for “good reason” as defined in the CEO Agreement (generally, removal from office, material diminution of his duties, authority or compensation, material relocation, breach of the CEO Agreement by the Company, or failure to require a successor corporation to assume the CEO Agreement), or if the Company elects not to renew the CEO Agreement, then Mr. Loy is entitled to accrued but unpaid compensation; a severance benefit of salary continuation for a period of two (2) years following termination, which, assuming a termination date of December 31, 2021, would be \$2,000,000; outplacement services of up to \$15,000; the continuation of health and dental benefits for Mr. Loy and his immediate family for the entirety of such severance pay period, which, assuming a termination date of December 31, 2021, would have a value of \$193,554, calculated in the same manner as the “Insurance and other Benefits” column in the table in “Potential Payments upon Termination or Change in Control” above; and all equity awards outstanding as of the date of termination will continue to vest in accordance with each award’s original vesting schedule and vested awards will continue to be exercisable during such severance period and for a period of 90 days thereafter, which, assuming a termination date of December 31, 2021, would have a value of \$37,660,595 calculated in the same manner as the “Net Value of Acceleration of Vesting of In-The-Money Options” and “Aggregate Value of Acceleration of Vesting of Restricted Stock, Restricted Stock Units and Performance Share Units” columns in the table in “Potential Payments upon Termination or Change in Control” above. In the event that Mr. Loy’s employment is terminated by reason of death or disability, then all unvested equity awards outstanding as of the date of such termination vest, the value of which, assuming a termination date of December 31, 2021, is shown in the “Net Value of Acceleration of Vesting of In-The-Money Options” and “Aggregate Value of Acceleration of Vesting of Restricted Stock, Restricted Stock Units and Performance Share Units” columns in the table in “Potential Payments upon Termination or Change in Control” above, and Mr. Loy or his representative have a period of one year following termination to exercise vested stock options. In addition, the CEO Agreement imposes non-competition, non-solicitation and confidentiality covenants on Mr. Loy, which continue for the duration of the above-referenced severance period. As a condition to the continued receipt of benefits, Mr. Loy must, among other things, execute a release of claims against the Company, comply with his contractual obligations to the Company, cooperate with the Company in certain proceedings, not disparage the Company and return all Company property.

Mr. Graves entered into a severance protection agreement with the Company in 2011, which was amended in 2016. Under the terms of this severance protection agreement, in the event of the termination of Mr. Graves’ employment by Entegris or a successor other than for cause (defined in a manner similar to the definition in the CEO Agreement), or if he terminates his own employment for “good reason” (defined in a manner similar to the definition in the CEO Agreement) he is entitled to severance equal to two times base pay as salary continuation, which, assuming a termination date of December 31, 2021, would be \$1,140,000, outplacement services of \$15,000, the continuation of his health benefits for two years, which, assuming a termination date of December 31, 2021, would have a value of \$118,230, calculated in the same manner as column (d) in the table in “Potential Payments upon Termination or Change in Control” above, and the vesting of all outstanding unvested equity awards, the value of which, assuming a termination date of December 31, 2021, is shown in the “Net Value of Acceleration of Vesting of In-The-Money Options” and “Aggregate Value of Acceleration of Vesting of Restricted Stock, Restricted Stock Units and Performance Share Units” columns in the table in “Potential Payments upon Termination or Change in Control” above. This agreement also imposes non-competition, non-solicitation and confidentiality covenants on Mr. Graves for the duration of the severance period. As a condition to the continued receipt of benefits, Mr. Graves must, among other things, execute a release of claims against the Company. The severance protection agreement also provides for vesting of unvested equity awards (but not before 12 months following the relevant date of grant) and an extended exercise period in the event of Mr. Graves’ retirement at age 57 with ten years of service. All options that vest before or upon retirement will be exercisable for four years or, if earlier, until expiration.

Treatment of Equity Awards in Connection with a Change in Control or Certain Other Terminations. With respect to performance share units, if the awards held by executives are assumed or continued in connection with a change in control, performance would be determined based on actual performance through the consummation of a change in control and the awards would continue to vest following such change in control based on continued service through the end of the performance period, except that if the executive is terminated without cause or resigns with good reason during the 24 months following the change in control, the award would generally vest “double-trigger” upon such termination. If performance share units are not assumed or continued in connection with a change in control, awards held by executives would generally vest upon the consummation of the change in control, with performance determined based on actual performance through the consummation of the change in control. If, prior to a change in control, an executive dies, becomes permanently disabled or retires at age 65 with ten consecutive years of employment, the executive would generally be entitled to receive the performance shares to the extent earned at the end of the three-year performance period (or, if earlier, a change in control), but the amount payable would be prorated for the executive’s period of employment.

With respect to restricted stock units and stock options, if the awards are assumed or continued in connection with a change in control, the awards would generally vest “double-trigger” upon the executive’s termination without cause, or upon the executive’s resignation for good reason within 24 months after the change in control, and any such options would be exercisable for 24 months after termination (or, if earlier, until expiration of the option). If such restricted stock units and stock options held by executives are not assumed or continued in connection with a change in control, the awards would generally vest upon the consummation of the change in control. In addition, in the event of a “covered transaction” (which is generally defined as (i) a consolidation or merger in which Entegris is not the surviving corporation or which results in the acquisition of all of Entegris’ common stock by a single person or entity or group of persons acting in concert, (ii) a sale or transfer of all or substantially all of Entegris’ assets, or (iii) a dissolution or liquidation of Entegris), outstanding restricted stock units and stock options would vest in full upon the consummation of the covered transaction. Further, if an executive retires with the consent of the administrator, restricted stock units would generally vest upon retirement, and options would remain exercisable for four years (or, if earlier, until expiration of the option) and would continue to vest during such period.

The value of acceleration of vesting for the named executive officers in the foregoing scenarios would generally be the same as the amounts set forth in the “Net Value of Acceleration of Vesting of In-The-Money Options” and “Aggregate Value of Acceleration of Vesting of Restricted Stock, Restricted Stock Units and Performance Share Units” columns in the table in “Potential Payments upon Termination or Change in Control” above, assuming the occurrence of a change in control and termination of employment on December 31, 2021 or the death, permanent disability or retirement of the executive on that date (with shares valued based on the closing price of the Company’s stock on the last trading day of 2021 (\$138.58)), except that no performance share units would vest upon retirement because none of our named executive officers satisfied the minimum retirement age as of December 31, 2021.

CEO Pay Ratio

For purposes of calculating the CEO pay ratio required by Item 402(u) of Regulation S-K, we must determine the identity of our median employee and, in some cases, we are permitted to calculate our pay ratio for subsequent years using the same median employee. We most recently selected our median employee as of December 31, 2019. We believe that, since that date, there has been no significant change to the Company’s employee population or compensation arrangements, and the circumstances of the median employee as of that date have not changed in any material respect. Accordingly, there have been no changes that the Company reasonably believes would significantly affect our pay ratio disclosure. As a result, we are using the same median employee for the calculation of the 2021 CEO pay ratio as we did for the 2019 CEO pay ratio. In 2019, to determine the pay ratio required by Item 402(u) of Regulation S-K, the Company first identified the median employee using our global employee population as of December 31, 2019, which included all global full-time, part-time, temporary, and seasonal employees that were employed on that date. The Company used “gross wages paid” as the consistently applied compensation measure across its global employee population, measured from January 1 through December 31, 2019, to calculate the median employee compensation. The Company annualized the compensation for any full-time and part-time employees that it hired in 2019 and that were employed on December 31, 2019. The Company determined this median employee’s annual total compensation for 2021 using the Summary Compensation Table methodology as detailed in Item 402(c)(2)(x) of Regulation S-K, and compared it to the total compensation of our CEO, as detailed in the Summary Compensation Table for 2021, to arrive at the pay ratio disclosed below. The Company’s median employee’s 2021 annual total compensation was approximately \$70,909, and the Company’s CEO’s 2021 annual total compensation was \$10,498,881. As a result, pursuant to Item 402(u) of Regulation S-K, the Company’s 2021 CEO to median employee pay ratio is approximately 148:1.

PROPOSAL 3

Ratification of Selection of Independent Registered Public Accounting Firm for 2022

✓ The Board recommends that the stockholders vote **FOR** the ratification of the selection of KPMG LLP as our independent registered public accounting firm for 2022.

KPMG LLP (“KPMG”), the Company’s independent registered public accounting firm, has reported on the Company’s consolidated financial statements for the years ended December 31, 2021, 2020 and 2019 and for previous fiscal years. The Audit & Finance Committee selected KPMG as the Company’s independent registered public accounting firm for 2022. Representatives of KPMG are expected to be able to make a statement at the Annual Meeting if they wish to do so and to respond to appropriate stockholder questions. The engagement agreement entered into with KPMG for fiscal year 2022 is subject to mediation and arbitration procedures as the sole method for resolving disputes.

Ratification of the selection of the Company’s independent registered public accounting firm is not required to be submitted to a vote of the stockholders of the Company. The Sarbanes-Oxley Act of 2002 requires the Audit & Finance Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent registered public accounting firm. However, the Board is submitting this matter to the stockholders for ratification as a matter of good corporate governance. If the selection of KPMG is not ratified by a majority of the votes cast by the stockholders entitled to vote at the Annual Meeting, the Audit & Finance Committee will reconsider whether to retain KPMG, and may retain that firm or another firm without re-submitting the matter to the Company’s stockholders. Even if stockholders vote in favor of ratification of the appointment, the Audit & Finance Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and the stockholders.

Representatives of KPMG regularly attend meetings of the Audit & Finance Committee. The Audit & Finance Committee pre-approves and reviews audit and non-audit services performed by KPMG as well as the fees charged by KPMG for such services. In its pre-approval and review of non-audit service fees, the Audit & Finance Committee considers, among other factors, the possible effect of the performance of such services on the auditors’ independence. To avoid potential conflicts of interest in maintaining auditor independence, publicly traded companies are prohibited from obtaining certain non-audit services from its independent registered public accounting firm. In 2021, 2020 and 2019, we did not obtain any of these prohibited services from KPMG. Entegris uses other accounting firms for these types of non-audit services. For additional information concerning the Audit & Finance Committee and its activities with KPMG, see “Corporate Governance” and “Report of the Audit & Finance Committee” herein.

Audit Fees

Aggregate fees for professional services rendered for the Company by KPMG for the fiscal years ended December 31, 2021 and 2020 were:

Service	2021 (\$)	2020 (\$)
Audit Fees	1,855,000	1,751,000
Audit-Related Fees	81,000	120,000
Tax Fees	696,000	829,000
All Other Fees	—	—
Total	2,362,000	2,700,000

The *Audit* services for the years ended December 31, 2021 and 2020 consisted of professional services rendered for the integrated audit of the Company's consolidated financial statements and its internal control over financial reporting, as required by the Sarbanes-Oxley Act of 2002; the statutory audits of certain of the Company's foreign subsidiaries; the review of the Company's interim consolidated financial statements in quarterly reports to the SEC; incremental audit services in connection with our acquisitions of CMC Materials, Inc., BASF's precision microchemicals business, Global Measurement Technologies, Inc. and Sinmat; and the services normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings with the SEC.

The fees for *Audit-Related* services for the year ended December 31, 2021 and 2020 were for comfort letters in connection with our issuance of senior unsecured notes due 2029 and 2028, respectively.

The fees for *Tax* services for the years ended December 31, 2021 and 2020 were for services related to tax compliance, tax planning and tax advice for the Company.

There were no fees for *All Other* services for the years ended December 31, 2021 or 2020.

The charter of the Audit & Finance Committee requires the pre-approval of all non-audit services before any such non-audit services are performed for the Company. The charter of the Audit & Finance Committee is posted on the Company's web site <http://www.Entegris.com> under "About Us – Investors – Corporate Governance". The Audit & Finance Committee adopted pre-approval policies and procedures with respect to audit and permissible non-audit services ("Services"). Under this policy, Services must receive either a general pre-approval or a specific pre-approval by the Audit & Finance Committee. The grant of a general pre-approval of Services is limited to identified Services that have been determined not to impair the independence of the independent registered public accounting firm and must include a maximum fee level for the Services approved. A request for specific pre-approval must include detailed information concerning the scope of the Services and the fees to be charged. The policy also provides for a special delegation of pre-approval authority to the Chair of the Audit & Finance Committee where the commencement of Services is required prior to the next scheduled meeting of the Audit & Finance Committee and it is impractical to schedule a special meeting; any such pre-approval by the Chair is subject to review by the full Audit & Finance Committee. All of the fees listed as paid for 2021 and 2020 in the table above received pre-approval by the Company's Audit & Finance Committee.

Report of the Audit & Finance Committee

The Audit & Finance Committee is currently composed of four members and acts under a written charter adopted by the Board of Directors. The members of the Audit & Finance Committee meet the standards of independence applicable to members of audit committees that are set forth in the Audit & Finance Committee Charter, the Nasdaq Stock Market, Inc. Marketplace Rules and Rule 10A-3 under the Exchange Act.

The Audit & Finance Committee reviewed the Company's audited consolidated financial statements for the fiscal year ended December 31, 2021 and discussed these consolidated financial statements with the Company's management. Management is responsible for the Company's internal controls and the financial reporting process. Management represented to the Audit & Finance Committee that the Company's consolidated financial statements had been prepared in accordance with accounting principles generally accepted in the United States. The Audit & Finance Committee selected KPMG LLP to serve as the Company's independent registered public accounting firm for 2021, which selection was ratified by the stockholders at the 2021 Annual Meeting of Stockholders. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue a report on those financial statements. More specifically, the Audit & Finance Committee reviews, evaluates, and discusses with the Company's management and with the independent registered public accounting firm, the following matters:

- the plan for, and report of the independent registered public accounting firm on, each audit of the Company's consolidated financial statements;
- the Company's financial disclosure documents, including all financial statements and reports filed with the Securities and Exchange Commission or sent to stockholders;
- changes in the Company's accounting practices, principles, controls or methodologies;
- significant developments or changes in accounting rules applicable to the Company; and
- the adequacy of the Company's internal controls and accounting, financial and auditing personnel and the areas of risk that could impact the Company's business.

The Audit & Finance Committee also reviewed and discussed with KPMG LLP the Company's audited consolidated financial statements for 2021 and the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC. These rules require the Company's independent registered public accounting firm to discuss with the Company's Audit & Finance Committee, among other things, the following:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- any disagreements with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the consolidated financial statements.

KPMG LLP also provided the Audit & Finance Committee with the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit & Finance Committee concerning independence. The PCAOB requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. The Audit & Finance Committee discussed with KPMG LLP the matters disclosed in this communication and that firm's independence from Entegris. The Audit & Finance Committee also considered whether the provision of the audit-related and tax services to Entegris by KPMG LLP, which are referred to under PROPOSAL 3 – RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2022 below, is compatible with maintaining such auditors' independence and concluded that KPMG LLP met the specified independence standards.

Based on its discussions with management and KPMG LLP, and its review of the representations and information provided by management and KPMG LLP, the Audit & Finance Committee recommended to the Company's Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021.

In performing all of these functions, the Audit & Finance Committee acted only in an oversight capacity. The members of the Audit & Finance Committee necessarily relied on the information, opinions, reports and statements presented to them by Entegris management, which has the primary responsibility for the Company's consolidated financial statements and reports. The members of the Audit & Finance Committee also relied on the work and assurances of KPMG LLP, who in their report express an opinion on the Company's consolidated financial statements. Accordingly, while the Audit & Finance Committee recommended to the Company's Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K as described above, the foregoing oversight procedures do not assure that management has maintained adequate financial reporting processes and controls, that the consolidated financial statements are accurate, or that the audit would detect all inaccuracies or flaws in the Company's consolidated financial statements. The information in this report of the Audit & Finance Committee shall not be deemed to be "soliciting material", "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act and is not incorporated by reference into any filings of the Company with the SEC, irrespective of any general incorporation language contained in any such filing.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10 percent of Entegris common stock to file with the SEC initial reports of ownership and reports of changes in ownership of Entegris common stock. Entegris is required to disclose any failure to file these reports by the required due dates. For 2021, we believe all required reports were filed on or before the applicable due date.

Miscellaneous Information on Voting and the Annual Meeting

Proxies

A stockholder giving a proxy to vote at the 2022 Annual Meeting of Stockholders may revoke it at any time before it is voted by executing and delivering to Entegris another proxy bearing a later date, by delivering a written notice to the Secretary of the Company stating that the proxy is revoked, or by voting in person at the 2022 Annual Meeting of Stockholders. Any properly completed proxy forms returned in time to be voted at the 2022 Annual Meeting of Stockholders will be voted in accordance with the instructions indicated thereon. If no instructions are indicated on the proxy, the proxy will be voted IN FAVOR of the election of the ten named nominees for director and in accordance with the recommendations of the Board with respect to other matters to come before the 2022 Annual Meeting of Stockholders. In addition, the proxy confers discretionary authority to vote on any other matter properly presented at the 2022 Annual Meeting of Stockholders which is not known to the Company as of the date of this proxy statement, unless the proxy directs otherwise.

Stockholders may vote by proxy in one of the following three ways: (1) by completing, signing and dating the enclosed proxy card and returning it in the enclosed postage paid envelope by mail, (2) by completing a proxy using the toll-free telephone number listed on the proxy card in accordance with the specified instructions, or (3) by completing the proxy card via the Internet at the Internet address listed on the proxy card in accordance with the specified instructions.

All costs of the solicitation of proxies will be borne by Entegris. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, personal meetings and the Internet, including e-mail and text message. Brokers, dealers, banks, fiduciaries and nominees will be requested to forward proxy soliciting material to the owners of stock held in their names, and Entegris will reimburse them for their reasonable direct and indirect out-of-pocket expenses incurred in connection with the distribution of proxy materials.

Voting Securities and Votes Required

The record date for the determination of stockholders entitled to receive notice of and to vote at the 2022 Annual Meeting of Stockholders was the close of business on March 11, 2022 (the "Record Date"). On the Record Date, there were 135,844,075 shares of common stock, \$0.01 par value per share, the Company's only class of voting securities, outstanding and entitled to vote. Each share of common stock is entitled to one vote. Under the Company's by-laws, the holders of a majority of the shares of common stock issued and outstanding and entitled to vote at the meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Shares of common stock represented in person or by proxy (including "broker non-votes" and shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present. The affirmative vote of the holders of a majority of votes cast by the stockholders entitled to vote at the meeting is required for the election of directors (see "Corporate Governance — Board of Directors — Majority Voting for Directors" above) and for the approval of the other matters listed in the Notice of Meeting. Under the Company's bylaws, shares whose ballot is marked as withheld, shares otherwise present at the meeting but for which there is an abstention, and shares otherwise present at the meeting as to which the shareholder gives no authority or direction are not counted as votes cast. Accordingly, abstentions and "broker non-votes" will not be included in vote totals and will not affect the outcome of the voting on the election of the directors or the other matters listed in the Notice of Meeting.

Stockholder Proposals and Nominees for 2023 Annual Meeting of Stockholders

Stockholder proposals submitted for inclusion in next year's proxy materials must be received by the Company no later than November 16, 2022 and must comply with the requirements of Rule 14a-8 under the Exchange Act. Proposals should be addressed to the Corporate Secretary, Entegris, Inc., 129 Concord Road, Billerica, MA 01821.

Under the Company's by-laws, any stockholder of record of Entegris may nominate candidates for election to the Board or present other business at an annual meeting if a written notice is delivered to the Secretary of Entegris at the Company's principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. Such written notice must set forth, among other things: (a) as to each proposed nominee: (i) the name, age, business address and, if known, residence address of each such nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of stock of the Company which are beneficially owned by each such nominee, (iv) any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to

Regulation 14A under the Exchange Act, including such person's written consent to be named as a nominee and to serve as a director if elected; and (v) a statement whether such nominee, if elected, has agreed to tender, promptly following such election, an irrevocable resignation to be effective if, at the next meeting for the election of directors: (A) the director does not receive the majority vote required by Section 3.3 of the by-laws and (B) the Board accepts such resignation; (b) as to any proposal other than a nomination, (i) a brief description of the business to be brought before the meeting and (ii) any substantial interest in such business of the stockholder of record and/or the beneficial owner, if any, on whose behalf the business is being proposed; and (c) as to the stockholder giving the notice and/or the beneficial owner, if any, on whose behalf the business is being proposed: (i) the name and address, as they appear on the Company's books, of such stockholder and the name and address of the beneficial owner; (ii) the class and number of shares of the Company which are beneficially owned by such stockholder and beneficial owner; (iii) the class or series and number of shares of capital stock of the Company that are beneficially owned by each associate of the stockholder or beneficial owner as of the date of the notice; (iv) a description of any agreement, arrangement or understanding (whether or not in writing) with respect to the business between or among such stockholder or beneficial owner and any other person, including without limitation any agreements that would be required to be described or reported pursuant to Item 5 or Item 6 of Exchange Act Schedule 13D (regardless of whether the requirement to file a Schedule 13D is applicable to the shareholder or beneficial owner); (v) a description of any agreement, arrangement or understanding (whether or not in writing and including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares, regardless of whether settled in shares or in cash) that has been entered into as of the date of the stockholder's notice by, or on behalf of, such stockholder or beneficial owner, the effect or intent of which is to mitigate loss, manage risk or benefit from changes in the share price of any class or series of the Company's capital stock, or increase or decrease the voting power of the stockholder or beneficial owner with respect to shares of capital stock of the Company, including the notional number of shares that are the subject of such agreement, arrangement or understanding; (vi) a description of any agreement, arrangement or understanding (whether or not in writing) between or among such stockholder or beneficial owner and any other person relating to acquiring, holding, voting or disposing of any shares of stock of the Company, including the number of shares that are the subject of such agreement, arrangement or understanding; and (vii) a description of all direct and indirect compensation and any other material agreement, arrangement, understanding or relationship during the past three years between or among such stockholder and its affiliates and associates, or others with whom such stockholder is acting in concert, on the one hand, and each such nominee and his or her affiliates and associates, or others with whom such nominee is acting in concert, on the other hand, including, without limitation, all information that would be required to be disclosed pursuant to Item 404 of SEC Regulation S-K if the stockholder making the nomination, or any affiliate or associate of such stockholder or person with whom the stockholder is acting in concert, were the "registrant" for purposes of such rule and the nominee were a director or executive officer of such registrant. Further, under the by-laws, the Company may also require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as a director of the Company.

Under the Company's by-laws, nominees for director submitted by stockholders must be received no earlier than December 28, 2022 and not later than January 27, 2023. Unless the information specified above is received by Entegris at its headquarters at 129 Concord Road, Billerica, MA 01821, Attention: Corporate Secretary, within such period, nominees for director submitted by stockholders will not be eligible for election as directors at the Entegris 2023 Annual Meeting of Stockholders.

Likewise, the by-laws specify that the period for receipt of timely notice of stockholder proposals for submission to the Entegris 2023 Annual Meeting of Stockholders (other than pursuant to Rule 14a-8 under the Exchange Act) is not earlier than December 28, 2022 and not later than January 27, 2023. Unless such notice is received by Entegris at its headquarters at 129 Concord Road, Billerica, MA 01821, Attention: Corporate Secretary, within such period, the stockholder proposal will not have been properly brought before the meeting and will not be introduced at the meeting.

Annual Report on Form 10-K

A copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021 accompanies this proxy statement. Stockholders may obtain without charge an additional copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021 by writing to Gregory B. Graves, Executive Vice President & Chief Financial Officer, Entegris, Inc. at the Company's offices at 117 Jonathan Boulevard N, Chaska MN 55318. In addition, the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021 is available through the web site of the SEC (www.sec.gov) on the EDGAR database as well as on the Company's web page www.Entegris.com in the "Investor Relations" section under the heading "Financial Information – SEC Filings".

Other Business

The Board is not aware of any other business to come before the Annual Meeting of Stockholders. However, if other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote such proxy in accordance with their judgment as to such matters.

Appendix A: GAAP to Non-GAAP Reconciliations

The Company's consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States (GAAP). Adjusted EBITDA and non-GAAP earnings per common share, together with related measures thereof, are considered "non-GAAP financial measures" under the rules and regulations of the Securities and Exchange Commission. The presentation of this financial information is not intended to be considered in isolation or as a substitute for, or superior to, the financial information prepared and presented in accordance with GAAP. The Company provides supplemental non-GAAP financial measures to better understand and manage its business and believes that these measures provide investors and analysts additional and meaningful information for the assessment of the Company's ongoing results. Management also uses these non-GAAP measures to assist in the evaluation of the performance of its business segments and to make operating decisions. Management believes that the Company's non-GAAP measures help indicate the Company's baseline performance before certain gains, losses or other charges that may not be indicative of the Company's business or future outlook, and that non-GAAP measures offer a more consistent view of business performance. The Company believes the non-GAAP measures aid investors' overall understanding of the Company's results by providing a higher degree of transparency for such items and providing a level of disclosure that will help investors generally understand how management plans, measures and evaluates the Company's business performance. Management believes that the inclusion of non-GAAP measures provides greater consistency in its financial reporting and facilitates investors' understanding of the Company's historical operating trends by providing an additional basis for comparisons to prior periods. The reconciliations of GAAP net sales and net income to adjusted EBITDA and GAAP earnings per share to non-GAAP earnings per share are presented below.
